

KENT PAINTINGS AND CHINA, APPRAISED AT \$51,000, ADDED TO PERMANENT COLLECTION

Plattsburgh State's Rockwell Kent Collection has been enriched by a recent gift of two oil paintings and three sets of china. The items, donated by Sally Kent Gorton in memory of John Gorton, have been appraised at \$51,000.

One of the paintings, "Dogs Resting, Greenland" is considered to be among Kent's finest works, according to Gallery Director Edward Brohel. It, and the other canvas, "Abandoned Farm, Adirondacks" have already been installed in the Kent Gallery.

The three sets of Vernonware China add a new dimension to the Kent Collection and complete the display of all the areas in which the artist worked. Kent designed the china patterns, which are entitled "Moby Dick," "Salamina," and "Our America." Brohel expects that the china will be on display in the gallery by the end of this week.

CANADIAN STUDIES FACULTY MEMBERS AWARDED GRANTS BY CANADIAN GOVERNMENT

In an unprecedented decision, the Government of Canada has awarded two Faculty Enrichment Grants to Plattsburgh Canadian Studies faculty members. Dr. Edwin Hamblet, professor of French, and Dr. Fritz Kissner, associate professor of environmental science, were both winners of the prestigious award. This is the first time that more than one faculty member at any one institution has received the award in the same year. Approximately 30 grants were made in the United States. Although the size of many of the awards was reduced from the amount asked, Kissner received exactly the amount he requested, and Hamblet received the largest award.

Hamblet

Kissner

Kissner's proposal involves the study of Canadian energy and environmental issues, problems, and advancements. He intends to incorporate the results of his study into his courses on energy and the environment, and solar energy technology.

Hamblet has proposed the development of a course in French Canadian Civilization. He intends to spend six months travelling and studying in Quebec and the other major French-speaking regions of Canada, including northeastern New Brunswick (Acadia) and northern Ontario.

FEDERAL FUNDING TOTALED MORE THAN \$4 MILLION LAST YEAR

Federal funds last year accounted for more than \$4 million in the College's revenue columns. The amount received from various funding sources and programs during the 1979-80 academic year was \$4,045,955, according to a report prepared by Vice President Seawell. The largest single funding source was the Basic Education Opportunity Grant program, which awards financial aid to students. Grants to Plattsburgh students came to \$2,279,560, or 56.6% of the total federal money received. Other financial aid programs for students totalled \$666,658.

Research support accounted for \$960,220 of the Federal money. Sources included the National Science Foundation, the National Institute of Arthritis Metabolism and Digestive Diseases, the National Institute of Education, and the National Foundation on the Arts and Humanities, as well as several others.

Federal funds also reimbursed the College for the National Youth Sports Program and courses for Air Force personnel.

The amount received in 1979-80 was 45.9% more than the total received in 1978-79. The largest single increase was in the BEOG funding, which alone jumped over \$1 million.

President Burke and College officials plan to brief the district's new Congressman, David Martin, on these various federal programs and funding sources within the next few weeks.

PRESIDENT BURKE TO ATTEND BRIEFING ON GOVERNOR'S BUDGET

President Burke has been invited to Albany on Saturday by Chancellor Wharton to attend a briefing on Gov. Carey's 1981-82 Executive Budget that the Governor will present to the Legislature on Tuesday. Following his return from the state capital, Burke will brief representatives of the college community on the budget's effect on the College. Invited to the session are members of the College Council, the executive committees of the Faculty Senate and Student Association, the Senate's Resources and Planning Committee and the President's executive staff.

The SUNY Trustees early last fall asked for \$903.4 million in state funds to support its operations. Of that figure, \$19 million was requested for maintenance and operation of the Plattsburgh State campus.

FOUR STUDENTS SELECTED FOR LEGISLATIVE INTERNSHIP

Four students have been chosen for spring internships in the New York State legislature, one in the Senate and three in the Assembly. Selected for the State Senate Sessions Assistants program was Pervis Sabb, a senior history major. Stephen Carlic (communications arts), Barbara Schehr (marketing), and David Orr (political science) will serve as interns in the Assembly. All four students will be assigned to work either with members of the legislature or with committee and research staffs. In addition to actual work experience during the semester, the interns will also participate in an educational component which includes mini-courses and seminars. Dr. Harvey Schantz, assistant professor of political science, is the campus supervisor for the interns.

HIGH MARKS FOR COLLEGE'S NATIONAL YOUTH SPORTS PROGRAM

The National Collegiate Athletic Association has awarded a special commendation to the College "for the excellent National Youth Sports Program conducted (here) in 1980." The commendation cites the "outstanding facilities, personnel and other resources which have helped to make this program a resounding success." Campus program coordinator Dr. Ernest Rangazas explained that the program, which last summer provided six weeks of instruction in sports and health education to 300 area children, is evaluated twice a year and must meet high standards in order to receive the commendation. Rangazas added that the federally funded program, which is primarily a summer one, does continue throughout the winter and all of the participants are brought to campus several times to participate in various athletic activities.

FIVE-YEAR PLAN AND BUDGET MEETING SET

President Burke has announced a meeting for all faculty on Thursday, January 22 at 4:00 p.m. in Room CL 200, which will be devoted to a discussion of the administration's report of the Five-Year Plan and the Governor's Executive Budget for 1981-82.

COLLEGE GALLERIES FEATURING SABBATICAL EXHIBITION

An exhibition of paintings and photographs by art professor William Crosby is now on display in the Myers Fine Arts Gallery, the Kent Gallery mezzanine, and the College Center Cardinal Lounge. The exhibit, entitled "Breaking Light, from Cape Hatteras to Gaspé," is the result of Crosby's sabbatical treks along the Atlantic seacoast from North Carolina to Quebec last year. Crosby will also offer three slide presentations of his works, on January 14, January 18 and January 27, all at 7:30 p.m. in the College Center Ballroom.

CAMPUS UNITED WAY DRIVE NEARING COMPLETION

Campus contributions to this year's United Way Fund Drive now stand at \$21,404, according to coordinator Dr. Nicholas Troisi. Faculty and staff donations total \$19,760, or 92.8% of the \$21,300 goal. Students have raised and contributed \$1,644 (35.4% of their \$4,640 goal). Troisi said this week that a number of people have not yet returned their pledge cards and asked that anyone who wishes to contribute please do so as soon as possible so that the fund drive may be wrapped up on campus. Only \$1,540 is needed to reach the faculty and staff goal.

TRANSFER AGREEMENT SIGNED WITH COLUMBIA-GREENE

Students graduating from several programs at Columbia-Greene Community College in Hudson, will be able to transfer on a full junior level into Plattsburgh's Environmental Science program as the result of a recently signed articulation agreement.

The agreement between the institutions pertains to students receiving an Associate of Arts Degree from Columbia-Greene's Liberal Studies Landscape Architecture program, or an Associate of Science Degree in Scientific Studies with specified concentrations. It allows them to transfer into the Environmental Science Program at the Institute for Man and Environment and complete their Bachelor's degree in four semesters.

The agreement does not guarantee admission to PSUC, however. Students from the two-year college must still comply with all PSUC admissions criteria.

SELF DEFENSE COURSE FOR WOMEN OFFERED; CSEA TO SPONSOR MEMBERS

A non-credit course covering both the physical and the psychological aspects of self-defense for women will be offered on Monday evenings this spring in two eight-week sessions, from January 19 through March 9, and from March 16 through May 4. The first section of the course, to be taught by karate instructor Tom Froebel, will cover the recognition and avoidance of potentially dangerous situations and the second part will deal with body conditioning and physical techniques of repulsing an attacker.

CSEA President Betty Lennon has announced that the union will pay for any of its members to participate in the course under the Employee Benefit Training program, and invites anyone interested to contact her. For registration information, call the Division of Continuing Education at 564-2050.

ATHLETIC COMPETITION BACK IN FULL SWING

Classes are back in session as of Wednesday, and a full slate of intercollegiate athletic competition is on the calendar for this weekend. The hockey team will play three home games this week. The Cards will meet Merrimack College on Friday, will try to avenge their earlier 6-5 loss to Oswego State on Saturday, and will take on Union College on Tuesday. All games will begin at 7:30 p.m.

The men's varsity basketball team will play at Union College on Friday, and will host arch-rival Albany State next Wednesday. The women cagers will host Norwich University Friday at 6:00 p.m., and Hamilton College Saturday at 3:00 p.m.

Both swim teams will face McGill University in Montreal on Saturday, while the track teams will participate in the Green Mountain Relays at the University of Vermont on the same day.

CARDINAL HOCKEY AND BASKETBALL TO BE AIRED ON CHANNEL 10

Cardinal hockey and basketball games will be telecast by Instructional Resources this semester on the campus cable system Channel 10 and the community cable system Channel 10. Media Manager Kenneth Duquette announced this week that eight home basketball games will be broadcast live from Memorial Gym. Ten home hockey games will be broadcast on a delayed basis from the Field House.

Duquette also said that Channel 10 will continue to carry the PSUC production "Videomontage," a program concerned with public-interest activities occurring in the community and on campus. "Videomontage" will be seen Mondays and Wednesdays at 7:00 p.m. beginning January 19 and running through May 22, with the exception of Washington's Birthday and during the spring break.

GOVERNOR'S BUDGET PROPOSES HEAVY CUTS HERE

Governor Carey's budget recommendation for the College, if approved by the State Legislature as proposed, would require the College to eliminate 25 positions that are currently funded. President Joseph C. Burke termed the budget, "unacceptable."

The Executive Budget, made public late Monday afternoon, includes an allocation for Plattsburgh that is \$627,600 less than requested for the fiscal year which begins March 1. The College's budget request for 1981-82 totaled \$19,270,062.

"This latest in a series of budget cuts is one of the most difficult we will have had to face," said Burke, during a Monday briefing session for representatives of key campus constituencies. "We asked only for fixed price increases and we proposed a rational approach, in our five-year plan, that could have solved our funding problems. This budget ignores our plan, which, basically, is a design for effective use of faculty and staff resources."

The major setbacks for the Plattsburgh campus in the Governor's budget recommendation include a reduction of 10 faculty and one support position and elimination of two staff positions, to effect savings of \$237,000 and \$24,500, respectively, and a cut of 12 positions and supplies and expense funding at the Educational Research and Demonstration Center (Campus School) for a savings of \$122,800. The latter reduction represents one-half of the total staff at the Campus School, which, in the budget proposal, would be phased out over a two-year period, and a cut of 25 percent of its funds. In his five-year plan, President Burke had proposed retrenchment of the Campus School and reallocation of its positions to understaffed programs and functions, to be effective at the end of the spring term of 1982. However, the program would have continued at the present level of staffing and funding to allow the school's faculty and staff, parents of children enrolled there and public school officials adequate time to prepare for its closing. "This budget," he said, "undermines our efforts to deal humanely with those who will be affected directly by the closing of the Campus School."

Other major changes in the College's budget request include a reduction in funding from \$128,000 for general operational expenses to \$70,400, for a net difference of -\$57,600, and a cut in funding for price increases for library acquisitions from \$44,000 to \$29,300, for a net difference of -\$14,700. President Burke's budget letter, which accompanied the College's budget presentation, argued a strong case for increased funding for the library.

Additionally, the College's request for improvements in instruction and departmental research (\$40,000), maintenance and operation (\$25,000) and stipend increases for graduate assistants (\$1,500) were eliminated totally from its budget.

President Burke pointed out that the Executive Budget indicates that Plattsburgh would continue to have the highest student-faculty ratio of the Senior Arts and Science Colleges in the State University. He declared that the heavy faculty cuts at Plattsburgh and throughout the SUNY system may well force the Board of Trustees to increase tuition for the coming academic year.

"Our chief concern in this period of fiscal austerity must be to maintain our academic programs at the highest level of quality. Neither the Board nor the State can permit the deterioration of quality that would result from the reduction of more than 200 faculty positions throughout State University. The highest priority on our campus must be to work to restore the faculty positions recommended for elimination in the Governor's budget. If the first priority is achieved, the administration will then attempt to devise a plan that will maintain as much as possible of the Campus School through the end of the 1981-82 school year."

Attending Monday's briefing session were the representatives of the College Council, Executive Staff, the Executive Committee of the Faculty Senate, the Executive Committee of the Student Association and the Resources and Planning Committee.

FACULTY MEETING SCHEDULED FOR TOMORROW

President Burke has called a meeting of the faculty to be held at 4 p.m. tomorrow in Room 200 of Yokum Communications/Lecture Hall. He will discuss in detail the proposed Executive Budget for the College for fiscal 1981-82 and its potential implications for the campus and its faculty, staff and students.

MS. HECK RECOMMENDED FOR FULBRIGHT GRANT TO GERMANY

The Institute of International Education has notified Ms. Margarete Heck, a senior biology major from Catskill, that her application for a Fulbright Full Grant as well as for an award offered by the Deutscher Akademischer Austauschdienst (DAAD) has been approved. Consequently, Heck's name has been included on a list of candidates sent to both the Board of Foreign Scholarships, a 12-member body appointed by the President of the United States, and to the DAAD for further consideration.

The notification does not guarantee a grant because the number of candidates recommended is considerably in excess of the number of awards available. However, if Ms. Heck is accepted as a principal candidate, she will be offered an award by either the Fulbright Commission or the DAAD. Final notification may not be forthcoming before the end of May.

Ms. Heck, one of eight highly qualified Plattsburgh State students to apply for a Fulbright award this year, is the first to learn that she has reached the final stages of the competition. She has applied to study advanced cell biology at Heidelberg University with Dr. Jan-Eric Edstrom, who developed microdissection and microelectrophoretic techniques. She is one of the College's first participants in its new In Vitro Cell Biology program.

FOUNDATION ANNUAL MEETING TO BE HELD NEXT MONDAY

The annual meeting of the Plattsburgh College Foundation, Inc., will be held next Monday (Jan. 26) at 5 p.m. in the Cardinal Lounge of the College Center. The meeting agenda includes the introduction of new members of the organization representing the community, alumni, and faculty and students, as appointed by the College Council, Alumni Association and President Joseph C. Burke, respectively; a financial report for the 1980 fund-raising year; reports by the Standing Committees on Annual Giving, Deferred Gifts, and Bequests and Investments; election of Directors for 1981; and proposed amendments to the Foundation's Bylaws. The latter would increase representation on the Board of Directors to seven ex-officio members by including the President Emeritus of the College (Dr. George W. Angell) and the President Emeritus of the Foundation (Fred P. Merrihew), and would create the Standing Committee on Annual Giving.

NINETY-EIGHT NOMINATED TO RECEIVE FIRST, FULL-TUITION SCHOLARSHIPS

Ninety-eight high school seniors from around New York State have been nominated to become the College's first Foundation Scholars. The newly created Plattsburgh College Foundation awards will be given to 10 incoming freshmen for the academic year beginning next fall, and will guarantee them \$900 per year — the equivalent of full tuition — regardless of whether they qualify for other financial aid awards. The scholarships will continue for four years, provided the recipients maintain a high level of academic achievement throughout their undergraduate careers here.

Nominations were solicited from alumni, high school guidance counselors and admissions staff, and were based solely on academic achievement during the students' high school careers. A review committee will select the ten award winners by February 15.

PLATTSBURGH, NASSAU SIGN ARTICULATION AGREEMENT

The College has signed an articulation agreement with Nassau Community College for transfer student admission to Plattsburgh's bachelor degree program in environmental science. The agreement stipulates that Nassau students who receive the A.S. degree in environmental science, and who pass all courses described in that institution's Physical Science Department recommended program brochure, will be granted admission to this College's environmental science major in the semester following graduation. It assumes compliance with Plattsburgh's admission criteria for environmental science majors.

Nassau students who transfer to the Plattsburgh environmental science program will be able to complete requirements for the B.A. degree in four semesters provided they maintain passing grades in all required courses and remain in good academic standing.

SEXUAL HARRASSMENT POLICY APPROVED

A College policy on sexual harrassment has been recently approved. As defined by the Equal Employment Opportunity Commission, sexual harrassment is "unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature . . . when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (2) submission or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individual, or (3) such conduct has the purpose or effect of or creating an intimidating, hostile, or offensive working environment." Although this definition applies to employees, the college policy insures fair treatment to students as well as employees. Campus complaints should be filed with Vic Ovalle, Director of Personnel and Affirmative Action.

FOUNDATION RAISES \$104,892; FOUR PERSONS ELECTED TO BOARD OF DIRECTORS

For the first time since its inception in 1970, the Plattsburgh College Foundation has raised over \$100,000 for scholarships and grants for Plattsburgh State undergraduates. The unprecedented success was announced at the Foundation's annual meeting held Monday. The actual total of \$104,892 not only exceeds the 1980 goal, but is an increase of 10% over funds received in 1979. This money aided 477 students during the year.

Of the \$104,892 raised, a record-breaking \$53,270 was contributed through the Corporate Giving Program. Alumni donated \$23,727 and the Cardinal Booster Club raised \$10,500. The President's Club account grew by \$5,600, another \$11,445 was donated to the Emergency Aid Program, \$100 was given to the Library Book Fund and the Special Scholarship fund received \$250.

E. Glenn Giltz, president of the College Foundation, said at the meeting that this achievement was "made possible by the generosity of perceptive people who understand the value of education, of informed people who recognize the importance of fostering excellence at the College by attracting the brightest students to campus, and of compassionate people who feel a genuine concern for those who need financial help to attain their educational objectives."

Also during the meeting, four persons were elected to serve on the Foundation's 15-member Board of Directors.

Elected for three-year terms were Richard Cronin, president of ERA Cronin, Inc., Michael Murray, a local businessman, and Curtis Shipman, division vice-president for Marine Midland Bank. Elected for a one-year term, consistent with her term as Student Association President was Laura Sadowski, a senior communications arts major from Henrietta, New York.

Other members of the Foundation board include Dr. Herman Doh, E. Glenn Giltz, Daniel Jerry, James Keable, Mrs. Margaret Kennedy, Clyde Lewis, John Longware, Albert Luck, Martin Mannix, Jr., Harry Mowry, and Mrs. Jacqueline Walker.

The Plattsburgh College Foundation is a non-profit organization of College and community people and alumni, and exists primarily to provide scholarships and grants to undergraduates.

PRESIDENT'S ASSISTANT TO RETIRE IN AUGUST

Mrs. Olive Flynt, assistant to the president and secretary of the College Council, will retire in August after 27 years of service to the College. Ms. Janet Edwards, currently assistant director of admissions, has been selected by President Burke to succeed her.

Discussing Mrs. Flynt's retirement, President Burke said "A college is not bricks and buildings — it's people — and Olive Flynt, in her many years at the College, has become an integral part of this living institution. She is the memory of the College. She has brought, over the years, grace and civility to all those with whom she has come in contact."

Mrs. Flynt, who received both a bachelor's and a master's degree in home economics from the College, began working for former President George W. Angell as his secretary in June, 1954. In 1957, she was promoted to assistant to the president, and, except for one year as Affirmative Action Officer, she has held that position since. She also serves as secretary to the

Edwards

College Foundation and is a member of the President's Executive Staff. Upon her retirement, she plans to "enjoy life and continue doing volunteer work."

Ms. Edwards, who began her career at the College as a residence hall director in 1974, joined the admissions office as a counselor in 1975 and was promoted to her present position in 1977.

91% OF 1980 NURSING GRADS PASS BOARDS ON FIRST TRY

Ninety-one percent of the College's May, 1980, nursing graduates passed the state's licensing examination for professional nursing the first time they took it, according to a recent report from the New York State Department of Education. The same report indicates that the state-wide average of baccalaureate program graduates passing the examination on their first attempt was 74%. Dr. Lorraine Phillips, chairman of the department of nursing, was "extremely pleased" with these results and said that it was the highest percentage of "first-time success" in five years.

FACULTY AND STAFF WHO HAVEN'T GIVEN URGED TO CONTRIBUTE TO UNITED WAY

President Burke this week urged faculty and staff members who have not contributed to the 1980 United Way Fund Drive to consider making a contribution. The campus drive has raised \$19,760, or 93% of the goal. Only 45% of the faculty and staff, however, have contributed. "We at the College are continually asking the community to support us when we receive budget cuts," said Burke, and continued, "It is therefore important that we achieve our United Way goal in order to say to the community that we support them when they have financial need."

FACULTY SENATE PROPOSES BY-LAW CHANGES

The Faculty Senate, at its December meeting, completed action on changes in the Faculty by-laws, which, they believe, will bring the by-laws to closer agreement with the college in the 1980's. Following the procedures as set forth in the by-laws, the Executive Committee of the Faculty Senate has forwarded the Senate action to the Faculty Committee for Membership and Elections. Ms. Phyllis Wells, Chair of that Committee hopes that the proposals will reach the voting faculty the first week of February. "Not less than one week, but no more than three weeks" later, the President will convene a Faculty meeting for discussion and review of the proposals. Voting by the faculty must be held within ten days of the meeting.

The Chair of the Senate, Dr. Hilton Heming, said that he hoped all action can be completed by March 31, the end of this Senate year. He also stated that he hoped the faculty would support the proposed changes, particularly those pertaining to the function of the Senate. "These changes," he said, "will make the Senate more effective to play a continuing, meaningful role in keeping Plattsburgh a strong, forward-looking college."

FRATERNITY AIDS MARCH OF DIMES FUND DRIVE

Psi Epsilon Chi fraternity helped generate more than \$400 in contributions to the March of Dimes last weekend in support of radio station WIRY's annual campaign to benefit the fight against birth defects. From 10 a.m. until 5 p.m. on Saturday, 14 members of the fraternity solicited donations from the general public at high traffic areas in supermarkets and leading department stores in shopping centers in and around Plattsburgh. Proceeds from the drive, which centered on a day-long "radio-thon," totaled approximately \$2,400.

SNO-BALL SET FOR FEBRUARY

The Third Annual Frosty Frolics Sno-Ball will be held on Saturday, February 7 in the College Center Ballroom from 9 p.m. until 1 a.m. This event is one of the highlights of Plattsburgh's week of winter celebration, Frosty Frolics (February 6-14) sponsored by Pride, Inc. The Sno-Ball, which is open to the entire Plattsburgh community, is being co-sponsored by the Faculty Women's Organization. Tickets are \$10 per couple and may be purchased at the College Center desk or through various local merchants. Music will be provided by the Lamplighters. For further information, call Pat Woltjen, 563-1954 or Katy Roman 561-8644.

APPLICATIONS AVAILABLE FOR LEHMAN FELLOWSHIPS

Applications for the 1981-82 New York State Herbert H. Lehman Graduate Fellowships are available in Hudson Hall Room 101. Thirty fellowships will be awarded for study in a public or private New York State college in an approved program leading to an advanced degree in the social sciences, public affairs, or international affairs. Applications are not accepted for study of law, social work, psychology, business education, or theology. A candidate must have been a legal resident of the United States since September 1980; have received the baccalaureate degree no later than September 1981; and not yet entered upon any graduate study prior to July 1981.

COLLEGE TO BE AUDITED

Auditors from the New York State Department of Audit and Control will be on campus for the next several months, according to William Woltjen, assistant vice president and controller. The auditors will be checking the financial activity of the college, and will also be involved with operational policies and procedures.

VOLUNTEER TRACK OFFICIALS WANTED

Track and field coach Dick Fischer is looking for people to officiate at the two indoor track meets next month. The volunteers will time events, judge finishes, and measure distances in field events, and do not have to be certified officials. A men's home meet will be held at 1:00 p.m. on Saturday, February 7 against the University of Vermont, and a co-ed meet against Albany State will be held on Saturday, February 21, at 2:00 p.m. Anyone interested in helping is asked to contact Fischer at 564-3144.

PLATTSBURGH STATE AND CLINTON COMMUNITY COLLEGE ENTER TRANSFER AGREEMENT

Plattsburgh State and Clinton Community College have entered into an agreement designed to allow CCC graduates to transfer to PSUC and complete the requirements for a baccalaureate degree within two years. A transfer guide has been prepared for CCC associate degree holders outlining parallel programs at the two institutions, and also specifying which courses must be taken if programs are not parallel and transfer to a full junior level at PSUC is desired. Dr. Richard Robbins, associate vice president for academic affairs, said that this agreement has grown from a SUNY goal to insure that graduates of two-year colleges can complete bachelor's degree work in four semesters. Robbins added that total articulation agreements are also being worked out with the Agricultural and Technical College at Cobleskill and with Hudson Valley Community College.

SEAWELL GRANTED SABBATICAL LEAVE; WOLTJEN ACTING VEEP

Seawell

Woltjen

Bernard J. Seawell, Vice President for Finance and Management, will begin a six-month sabbatical leave on February 15. Seawell's project will be to explore new and innovative methods of campus financing and then develop a financing plan which will supplement the present and inadequate State appropriations. This is the first sabbatical leave for Seawell, who has been the College's chief business officer since 1954. He will resume his duties in August.

During Seawell's absence, William Woltjen will serve as Acting Vice President for Finance and Management.

SUNY TRUSTEES APPROVE ROOM RENT HIKE; NOW \$550 PER SEMESTER

The State University of New York Board of Trustees has approved an increase of \$150 in the dormitory room rent beginning in the fall of 1981. The vote, taken at their meeting last week, was 11-1 in favor of the increase. The lone "no" vote was cast by student representative James Stern, who argued that the vote should be delayed for a month.

The \$150 increase will bring the cost of living in a SUNY dormitory for one academic year to \$1,100, or \$550 a semester. Although the rent hike comes on the heels of a similar increase in the fall of 1980, the Trustees consider it a necessary step to maintain more than 400 additional positions throughout the university system, which would otherwise be cut as a result of the Governor's proposed 1981-82 budget.

Several Plattsburgh students attended the public meeting held by the Trustees prior to the vote and presented petitions bearing approximately 1,700 signatures requesting the Trustees to delay the vote for one month.

FORENSIC TEAM WINS COLLEGIATE FORENSIC ASSOCIATION TOURNAMENT

The College's forensic team won an important tournament last weekend, accumulating 155 points to capture the Annual Winter Tournament sponsored by the Collegiate Forensic Association. Fordham University was second with 116 points, while Queens College was a distant third with 89. Team members won 21 awards, approximately one-third of the total awards given.

Dawn Fratangelo, Nora Finn, and Anita Larsen accounted for a number of the awards, and the three tied for second place in the Pentathlon competition. Also taking high honors were Greg O'Brien, Paul Panzl, Greg Purello, Sharon Northrup and Roger Sadler.

The Plattsburgh team will compete next weekend at Monmouth College in New Jersey and at Ithaca College the following week.

GENERAL EDUCATION COLLOQUIUM TO BEGIN

Beginning this semester the General Education Committee will be sponsoring a series of colloquia on General Education or subjects relating to General Education. The purpose of the colloquia will be to provide a forum for continual discussion of the nature and purpose of general education and the liberal arts. They will, in most cases, be scheduled for Friday afternoons, from 2:00 - 4:30 p.m. in the Cardinal Lounge, followed by a wine and cheese reception for faculty and students.

The first colloquium will be February 13, on "Science, Technology and Society" at 2:00 p.m. in the Cardinal Lounge. Future topics and dates include: February 27, "On General Education" with Professor Edward Kormandy, Provost, University of Southern Maine, at 2:00 p.m., Cardinal Lounge; March 27, "Contemporary Latin America," at 2:00 p.m., in the Cardinal Lounge; April 2, (Thursday) "Canada Today," at 2:00 p.m. in the Cardinal Lounge; and, April 10, "The Role of Women in Economic Production" at 2:00 p.m. in the Cardinal Lounge.

COLLEGE COUNCIL TO MEET

The College Council will hold its February meeting on Thursday (Feb. 5) at 4:00 p.m. in Room 155 of Macdonough Hall. Members of the Student Affairs staff will discuss residence life activities. A discussion will also be held with a representative group of resident assistants.

A CLARIFICATION OF ADMISSION FEES FOR SPORTS EVENTS

The Office of Student Activities has clarified the schedule of admission fees to Student Association (SA) sponsored inter-collegiate events held on campus at the Field House and at Memorial Hall. Admission to varsity ice hockey contests at the Field House is \$2 for adults; \$1 for students (non-SA students); and 50 cents for SA members. Admission to men's varsity basketball games in Memorial hall is \$1.50 for adults; \$1 for students (non-SA); and 50 cents for SA members. A notice published in the College's bi-monthly Calendar of Events had indicated erroneously that faculty and staff would be entitled to a reduced admission fee to these events.

NOTES ON FINANCIAL AID

Financial Aid applications for the 1981-82 academic year are now available at the Financial Aid Office on the 4th floor of the Kehoe Building and at the Outreach Center located in the College Center corridor between the Point and the Library. Applications which are completed and submitted by April 1, 1981, will receive first consideration for the limited aid funds that are available.

Students desiring Work-Study for summer, fall or spring must also complete a registration card after January 26 to be evaluated for the work program.

Guaranteed Student Loans for the 1980-81 school year will not be accepted by the Financial Aid Office after March 1, 1981.

Students receiving Guaranteed Student Loan checks must deposit them with the Bursar Office before a refund can be made. This usually takes one to three days.

weekly notes

Dr. John Middleton, professor in the counseling department, had an article, entitled "Professional Education and Family Therapy," published in the November, 1980 issue of the *Linacre Quarterly*, a journal of the philosophy and ethics of medical practice and the official journal of the National Federation of Catholic Physicians' Guilds. . . . **Dr. John Tomlin**, associate professor of sociology, presented a paper, "DWI Defendants: Victims and Beneficiaries of a Court System," at the First World Congress of Victimology held in Washington, D.C. recently. PRESIDENT BURKE CHOSEN FOR ROCKEFELLER RESIDENTIAL SCHOLAR PROGRAM

President Joseph C. Burke has been selected by the Rockefeller Foundation to spend a month in residence at the Foundation's Bellagio Study and Conference Center in Lake Como, Italy from October 15 - November 12. Burke applied to the Residential Program for Scholars with the intention of spending the month writing a chapter for his book *Coping with the Modern College Presidency*. In his proposal, Burke wrote, "Improving faculty morale in a period of fiscal austerity will present the greatest challenge to presidential leadership in the eighties," and added that he would "like to spend the time at Bellagio writing a practical article on how presidents can work to renew the commitment and creativity of the faculty to the academic enterprise."

Each year, the Rockefeller Foundation invites between 80 and 90 scholars and artists from around the world to spend four weeks at Bellagio to work on a creative undertaking. Burke was pleased and somewhat surprised when he learned of his selection, because his topic is not on the Foundation's preferred program interest list. He had, however, addressed that in his proposal, saying "If higher education fails to meet the challenges of the eighties, then surely each of these program interests will suffer," and "Now that higher education, itself, seems in trouble, every foundation and agency has a stake in seeking solutions to its problems."

E. GLENN GILTZ RE-ELECTED FOUNDATION PRESIDENT

For the fifth consecutive year, E. Glenn Giltz has been chosen to lead the Plattsburgh College Foundation. Giltz, president of Northern Insuring Agency Inc., assumed the presidency of the non-profit organization in the summer of 1976. Under Giltz's leadership the Foundation's annual income has increased about 50 percent, from \$70,601 to \$105,892.

Also re-elected Monday at the first Board of Directors' meeting for 1981 were Daniel E. Jerry, as vice president; Mrs. Olive M. Flynt, as secretary; and Bernard J. Seawell, as treasurer. All three will serve one-year terms. Donald L. Garratt was re-appointed executive director.

James E. Keable, Plattsburgh attorney, was appointed as the Foundation's legal counsel, and the First Albany Corporation was retained as the investment counsel.

Three persons were appointed to chair the Foundation's three standing committees: Curtis E. Shipman, division vice president for Marine Midland Bank, annual giving; Clyde A. Lewis, Plattsburgh attorney, deferred giving; and William J. H. Manning, retired lieutenant colonel, investment committee. Named to the executive committee were Keable, John F. Longware, and Albert F. Luck.

COLLEGE THIRD IN GRANT \$\$\$

Plattsburgh State ranked third among the SUNY Arts and Science Colleges in grant monies expended during the period July 1, 1979 through June 30, 1980, according to the annual report of the SUNY Research Foundation. Plattsburgh's grant total of \$1,200,315 included \$807,604 of direct federal money, \$124,275 of federal money channelled through New York State or other non-federal sources, and \$268,436 of non-federal money, from New York State, local and private foundation sources.

Only the Colleges at Brockport (with \$2,422,851) and Buffalo (with \$2,439,571) reported greater grant money totals. The other Colleges of Arts and Sciences and their totals included: New Paltz, \$928,271; Fredonia, \$673,696; Oswego, \$548,598; Geneseo, \$481,736; Oneonta, \$368,547; Cortland, \$339,280; Purchase, \$229,000; Potsdam, \$120,668; and Old Westbury, \$114,833.

L.A. KINGS' DAVE TAYLOR TO COACH AT PSUC SUMMER HOCKEY SCHOOL

Dave Taylor, right wing for the Los Angeles Kings hockey team and one of the leading scorers in the NHL this winter, will be a member of the coaching staff of this summer's Plattsburgh State Hockey School. Taylor, who was named to the starting line-up of this year's All-Star game, presently has 32 goals and 55 assists this season for a total of 87 points. A 1977 graduate of Clarkson College, Taylor broke several ECAC scoring records while playing with the Golden Knights. The summer hockey school will be held from July 20-25 for players 8-14 years of age. Also on the coaching staff will be Bill O'Flaherty, head coach at Clarkson College and Herb Hammond, Plattsburgh's head hockey coach.

STUDENTS PROMOTING FREE ENTERPRISE SYSTEM

Eleven upperclassmen are participating in this year's Students in Free Enterprise contest, a national competition to promote the American free enterprise system. Plattsburgh teams have won the regional competition the last two years, and hope to repeat that accomplishment.

The team, composed of business and economics students, and one communications major, has planned a series of events designed to inform other students and area residents about the benefits of the free enterprise system. They will be judged on their total presentation. Information booths in the College Center and the Pyramid Mall, a blood drive during which 85 pints of blood were collected, speeches at various civic club meetings and an Easter Egg hunt with messages about business competition tucked inside the eggs are all part of their program.

The group hopes to conclude its efforts with a Freedom Run from Plattsburgh to Philadelphia, ending at the site of the Regional Competition, which will begin on April 5. They are presently attempting to line up sponsors for the event and final plans will be announced soon.

Participating in this year's competition are Pat Cassetta, Cathy Curro, Brian Garrand, Greg Knapp, Peter Lewandoski, Tim McCauley, Sue Penningroth, Randy Prior, Dan Reagan, Tom Trevett and Tim Shickle. Ron Hobson is the faculty advisor and Jean Martin, a former student participant, is assisting. Price Chopper is supporting the team's entry with a \$1,000 grant.

CANADIAN CONSUL GENERAL KENNETH TAYLOR TO VISIT ON CANADA DAY

Kenneth D. Taylor, the Canadian diplomat who engineered the escape of six American foreign service personnel from Iran after the November, 1979 takeover of the U.S. Embassy in Tehran, will be the College's honored guest on Canada Day, scheduled for April 2.

Canada Day is sponsored by the College's Center for the Study of Canada, and highlights a semester of distinguished visiting scholars and experts on Canada. As part of his itinerary, Taylor, who is presently serving as Canadian Consul General in New York will address the Introduction to Canada class. A press conference, a meeting with various local officials, and a public lecture in Hawkins Hall are also on Taylor's agenda.

Plattsburgh Mayor John Ianelli has declared April 2 "Canada Day" throughout the city and various activities will be held during the day. At the College, the Clinton County Historical Society will present a film on Canadian art, an exhibiton of photographs of Canada by Robin Brown will open in the Kent Gallery, and a book exhibit courtesy of the Canadian government will be on display at the Feinberg Library. In the city and the county, businessmen are expected to run "Canadian Appreciation Weekend" sales, and several other special events including a visit by units of the Royal Canadian Air Force, and an exhibition hockey match at the Crete Center are in the works.

TEN FACULTY RECEIVE SUNY RESEARCH GRANTS TOTALING \$30,200

Ten members of the College faculty have been awarded Faculty Research Fellowships and Grants-in-Aid by the State University Research Foundation, Dr. Paul Roman, dean of Graduate Studies and Research announced this week. The total funding for the ten projects is \$30,200.

Recipients of this year's grants and titles of their projects are: Dr. Leonard Fontana, assistant professor of sociology, "Social Integration of Interest Groups — Regional Health Planning;" Dr. Peter H. Gore, associate professor of environmental studies, "Social Environmental Impact of Agricultural Chemicals in Ecuador;" Dr. Charles J. List, assistant professor of philosophy, "A Theory of Demarcation;" Dr. John L. Malanchuk, associate professor of environmental studies, "Litter Production and Decomposition Rates in the Adirondacks;" Dr. Bruce P. Stark, librarian, "The Upper House in Connecticut, 1662-1818;" Dr. Paul P. Szydlak, professor of physics, "Computer Modelling of Energy Transport in Mobile Homes;" Dr. Judith K. Van Wagner, associate professor of art, "Women Who Have Shaped the Course of Contemporary Art;" Dr. Richard L. Wiener, assistant professor of psychology, "The Attribution of Responsibility: A Legal Model;" Dr. James R. Woehr, assistant professor of environmental studies, "Distribution and Abundance of Pine Barrens Avifauna;" Dr. Ann Zelinski, professor of art, "Flora and Fauna in Parisian Capitals of the Twelfth Century."

Dr. Roman said that the ten recipients were selected from twenty-four applicants from the Plattsburgh State faculty.

TWO FACULTY MEMBERS RECEIVE SUNY AWARDS FOR UNDERGRADUATE EDUCATION

Dr. John T. Goldthwait, professor of philosophy, and Dr. Stuart Voss, associate professor of Latin American Studies, are among 44 instructors of undergraduate students throughout the SUNY system to be awarded this year's Faculty Grants for the Improvement of Undergraduate Instruction.

Goldthwait's project, titled "Introduction to Logic: A Laboratory in Practical Reasoning," is intended to change the format of the standard Introduction to Logic course. Goldthwait plans to add laboratory time to the usual lectures involved in this course. Students would have lesswork to do outside of class time, and would instead do laboratory projects with an instructor present. In addition to the greater personal access to an instructor, students would be able to correct their own work and could do considerably more self-instruction. Goldthwait hopes to eventually publish a laboratory workbook as a result of this project.

Goldthwait

Voss

Voss, who will work in collaboration with Dr. J. Richard Beach, associate professor of geography, will develop an "Audio-Visual Enhancement of An Introduction to Latin America." Voss, who has an undergraduate degree in journalism as well as history, was co-host of a public affairs program on WCFE for two years. He intends to combine his experience in media and history to produce audio-visual tape programs for use in Latin American Studies courses here at Plattsburgh as well as on other SUNY campuses.

One hundred and seventy-eight faculty members submitted proposals for the grants. Awards totaled \$85,000.

TUITION MAY INCREASE BY \$150

Resident undergraduate students may pay \$150 more in tuition charges next year as a result of last week's action by the Executive Committee of the SUNY Board of Trustees. The Executive Committee authorized Chancellor Clifton R. Wharton, Jr. to prepare revised tuition schedules to reflect that amount of increased revenues. He also was authorized to request the Governor and the Director of the Budget to amend the Executive Budget so that the new revenue would be allocated for SUNY purposes.

Formal approval by the full Board of Trustees is expected to come at the next meeting.

Wharton said the increased tuition, which will add \$20 million in revenues to the SUNY budget, will restore 401 of 442 faculty and staff positions which had been proposed to be eliminated. It will also increase funds for equipment replacement, building repair and maintenance, increase stipend levels for teaching and graduate assistantships, eliminate proposed rental charges to resident assistants, partially restore tuition waivers for graduate and teaching assistants, and reduce proposed charges to faculty-student association, which will result in smaller cost increases for food services.

If officially approved, the \$150 increase would bring tuition for New York State undergraduates to \$1,050. Graduate and out-of-state students would see even greater increases. Resident graduate tuition costs would climb by \$300 and \$1,700 annually, while out of state undergraduates would pay \$1,750 (up \$250), and graduate students \$2,185 (up \$385).

FORMER PRESIDENTIAL PRESS SECRETARY TO TEACH HISTORY MINI-COURSES

The Department of History has added two mini-courses to the spring schedule. "HIS 300 — Presidential Crisis Leadership: Franklin Roosevelt to Eisenhower" will run from February 23 to April 8, and "HIS 300 — Presidential Crisis Leadership: John F. Kennedy to Carter" will run from April 13 to April 13. Both courses will be conducted by Roger Tubby, who has served the U.S. government in many capacities, including presidential press secretary, Ambassador and U.S. representative to the European Office of the United Nations, Director of Information for the U.S. Department of Commerce, press officer for the Department of State, and many others. The class will meet Mondays and Wednesdays from 3 p.m. to 4:15 p.m. Interested students of at least sophomore standing may sign up for the class in the History Department Office, CVH room 221.

COUNTRY DANCE SET FOR SATURDAY

The traditional art of country dancing is coming to PSUC on Saturday, February 21 at 8 p.m. in the College Center ballroom. Performing with caller John Kirk will be the Friends Union String Band: including Rod Driscoll on hammered dulcimer; Jerry Supple, banjo; Joe Bernard, guitar and John Kirk, fiddle. There will be contra's called, as well as squares, rounds and reels. Beginners are welcome, as each dance will be taught and basic steps will be explained.

This dance is sponsored by the Student Association and the Vice President for Academic Affairs. There is no charge for the dance.

THIRTEEN POSITIONS RESTORED, ONE ADDED IN GOVERNOR'S AMENDED BUDGET

As a result of SUNY's proposed \$150 tuition increase and Governor Carey's willingness to amend his Executive Budget, ten faculty positions and three staff positions, originally slated for elimination at Plattsburgh State next year have been restored, and one new staff position has been approved. The twelve-position reduction in the Campus School, however, was not changed.

Other senior arts and science colleges did not fare as well as Plattsburgh. Collectively, they lost 42 faculty positions and twelve staff positions. Individually, Brockport lost 13 faculty and five staff positions, Buffalo received one additional support position, Cortland received three additional faculty, Fredonia neither gained nor lost positions, Geneseo lost six faculty and two staff positions, New Paltz lost seven faculty and two staff positions, Oneonta lost seven faculty and one staff position, Oswego lost eight faculty and three staff positions, and Potsdam lost four faculty and three staff positions.

In addition to the faculty and staff restorations and addition, Plattsburgh will receive a portion of a lump sum to be distributed to the campuses later for equipment replacement and building repairs. The College also was granted an additional \$38,400 for fixed costs expenditures and \$5,500 more for library acquisitions.

This amendment to the Executive Budget is still subject to approval by the State legislature.

THREE DISTINGUISHED SCHOLARS TO VISIT COLLEGE THIS SEMESTER

Three more scholars will spend several weeks in residence at the College this semester through the Distinguished Visiting Professors program. All three will present public lectures and mini-courses, and will conduct discussion seminars in the Social Sciences.

Dr. Arthur J. Vidich, professor and chairman of the department of anthropology at the New School for Social Research, will be on campus from March 2 through March 6, and again May 4 through May 15. Vidich, who is a widely published author, is currently involved in research and analysis of American society and institutions. Dr. Edward Schaffer will be the campus coordinator for Vidich's visit.

Dr. John Whiting, professor emeritus of anthropology at Harvard University, will be in residence from March 30 to April 10. Whiting is one of the pioneers of cross-cultural, comparative research in the fields of child rearing and personality development. He was conducted field work among tribes in East Africa, and is well-known for his book, *Child Training and Personality*, co-authored with Irvin Child in 1953, and many articles and monographs in comparative anthropology, psychology, and cross-cultural research methods. Whiting's campus visit will be coordinated by Dr. Mark Cohen and Dr. Roy Malpass.

The third visiting scholar will be Dr. Joy Parr, assistant professor of history at Queen's University in Ontario. Parr will be on campus from April 8 - April 28. Parr's work has been primarily in the area of history of women and children, and two of her works, *Women in Canadian Society*, and *Essays in the History of Canadian Childhood* will be published this spring. Her visit will be coordinated by Dr. George Pasti.

\$9,700 "SPECIAL EXHIBITS" GRANT RECEIVED

A National Endowment for the Arts grant in the amount of \$9,700 has been received in partial support of a special "Usable Art" exhibit. The grant, the first of its kind to be awarded to PSUC, will be co-directed by Edward Brohel, Rick Salzman and Judith Van Wagner. Student Association funds distributed through the Visual Artists Series and Art Resources organizations as well as the Campus Arts Council and Myers Fine Arts Gallery contributions will be used to match the grant.

The concept "Usable Art" is one that involves artists on both the east and west coasts who are making art works that are also functional in nature. The PSUC show will be the first exhibit featuring this current artistic tendency.

The exhibit selection includes a racing car by Chris Burden, painted screens by Arlene Slavin, Ed Shostak and George Sugarman, etched glass screens by Patsy Norvell, hats and ties by Robert Kushner, lamps by R.M. Fischer, sculpture-lamps and kites by Tal Streeter, dishes created through a collaboration of Joyce Kozloff and Betty Woodman, a vase by Woodman, tile multiple by Kozloff, pants by Marjorie Strider, Cynthia Carlson's pajamas, sterling silver ring by Eduardo Costa, Scott Burton's table and bench, "Window Shade" by Susan Michod and hand painted furniture by Kim MacConnel.

According to Van Wagner, some of the works included in the show are somewhat "funky" in nature; others are quite decorative and some appear almost minimalistic in design. This exhibit is expected to attract national attention and constitute a landmark in the history of contemporary art.

The exhibit will open on this campus on March 24 and continue through May 4.

Subsequently it will travel to the Queens Museum, the Brainerd Art Gallery at SUNY Potsdam, and the Danforth Museum near Boston.

HOCKEY CARDS SEEDED SECOND IN ECAC II WEST PLAYOFFS

Plattsburgh State's hockey Cardinals have been ranked as number two seed in the ECAC Division II-West Playoffs and will host Westfield State in a quarterfinal game on Saturday (February 28). Although the Cards have the better ECAC II record with 15-3-2, hockey coach Herb Hammond said that Westfield, with a 9-7-1 record at last report, defeated Norwich earlier in the season and should not be taken lightly.

As expected, Oswego State received the number one ranking, and will host Hamilton College on Saturday. Other pairings in the western division quarterfinals will see Elmira (seeded no. 3) meeting North Adams (no. 6) and Norwich (no. 4) hosting Williams (no. 5).

Semi-finals in the single elimination tournament will take place on Wednesday, March 4, and if Plattsburgh wins Saturday's game, they will have the home ice advantage. The final match will be held on Saturday, March 7.

All passes are suspended for the playoffs, and the ECAC has set the ticket prices at \$3 for general admission, and \$2 for PSUC students with ID's. There will be no reserved seats. Tickets will be on sale at the College Center desk.

The Cards have one more season game before the playoffs, against Middlebury College Wednesday night at the field house.

FORENSIC TEAM PLACES FIRST AGAIN

The College's forensic team continues its winning ways, with a victory in a Speech Tournament hosted by Ithaca College. Accumulating a total of 104 points, Plattsburgh just edged out Suffolk University by four points, but outdistanced third place Cornell University by 80.

The team won 26 trophies in this tournament, for a season total so far of just under 100. The squad is now averaging 14 awards per tournament.

Outstanding performances were turned in during the tournament by Nora Finn, Roger Sadler, Dawn Fratangelo, Garth Pittman, Sharon Northrup, Anita Larsen and Beth Corkland.

The Forensic team has competed in six tournaments so far this year and has four more on schedule before the National Championships, which will be held April 20 - 28 at Western Kentucky University.

ALUMNI TO TAKE PART IN ADMISSIONS WORK

Approximately eighty Plattsburgh alumni will be taking a more active role in admissions work this spring as a result of a series of workshops planned by the Alumni and Admissions Offices. Malcolm Lavery, Director of Alumni Affairs, explained that four seminars will be held in Saratoga County, Westchester County, the Capitol District, and on Long Island, each involving up to twenty participants. The alumni will be given up-to-date information on the College and its programs, and will then participate in College Night programs in their area, send personal letters to students accepted at the College encouraging them to enroll here, and recommend outstanding students to the admissions office.

Lavery said that the series of workshops was the direct result of a highly successful pilot program held last year. Both he and Director of Admissions David Truax consider alumni involvement in admissions a top priority and hope to expand the areas of cooperation.

LEADERSHIP SOCIETY INDUCTS 45

Forty-five students were inducted into the campus leadership honor society, Omicron Kappa Delta, in a ceremony held Sunday afternoon. The students were selected on the basis of leadership qualities and academic standing. They represent twenty-two different fields of study and a broad spectrum of campus activities, including varsity sports. Collectively, they have a cumulative average of 3.405. The new members are: Nancy Adams, Jacquelyn Allio, Dave Ardman, Ann Beyer, Joan Braun, Ricky Bruce, Ronald Cadieux, Gladys Campana, Stephen Carlic, Theresa Crotty, Patricia Devine, Ann Maria Ferenti, Nora Finn, Michael Furlong, Robert Furlong, Teri Glovka, Eric Goldstein, Sharon Gonsalves, Joel Graves, Evelyn Grawrock, Laura Kolberg, Paul Krekeler, Anita Larsen, Debra Leonard, Vincent Lucente, Cecilia Manley, Susan McCabe, Mary McCormick, Katherine McNally, Robert Nagel, Wendy Paquette, Jill Parker, Cheryl Rivera, Laura Sadowski, Kathleen Schurick, Jane Serencsics, Richard Shea, Jean Snyder, Richard Squillante, Jill Stanger, Richard Strack, Elisa Tornatore, Kristine Unger, Keith Walsh, and Frances Weaver.

The College is presently petitioning the national leadership society, Omicron Delta Kappa for membership. If membership is granted, Plattsburgh will be the first SUNY school to affiliate with the national organization. ODK's national vice-president Dan Beeman will be on campus this week to meet with college officials and review the application.

ACADEMIC ADVISING HANDBOOK PREPARED FOR STUDENTS.

A student edition of the academic advising handbook for 1980-81 has been published and will soon be distributed on campus. Thomas Corigliano, Coordinator of Academic Advisement, prepared the handbook, which contains the College's academic policies and procedures, as well as some general information for students. "Students need to be aware of these policies and procedures," said Corigliano, "so that they will be able to ask the right questions during their advisement sessions." This is the first time a student version of the advising guide has been prepared at Plattsburgh and Corigliano is hopeful that it will be another step in upgrading the advisory process.

The handbooks will be placed in student mailboxes during the spring break. Off-campus students may obtain their copy after the break at the College Center desk, the Student Outreach Center, the Registrar's office, or the Academic Advisement office.

FOUR SENIORS TO WORK FOR "BIG 8" ACCOUNTING FIRMS

Four senior accounting majors have accepted job offers with two of the "Big 8" public accounting firms. Dave Behanna has accepted a position with Coopers and Lybrand, and Tom Kearney, Mark Kitchen and Barbara Gagnon will join Arthur Andersen and Company. These two companies are among the largest accounting firms in the world. Dr. Prem Gandhi, chairman of the business and economics department, said that this marked the first year that Arthur Andersen and Company sent employment recruiters to the Plattsburgh campus and added that the number of job offers reflects the growing recognition and reputation of Plattsburgh's curriculum and department.

TWELFTH HUDSON SYMPOSIUM SET FOR APRIL

The Twelfth George H. Hudson Symposium: Advances in Non-Commutative Ring Theory will be held on the PSUC campus on April 23-25, 1981. Members of the Mathematics Department have been working for two years organizing this Symposium which is one of only five such being held in the world this year. The others are being held at Yale in New Haven, Pittsburgh, Denison University in Ohio, and at the West German Mathematics Institute at Oberwolfach.

The Symposium, which is being supported jointly by State University of New York and the National Science Foundation, will bring together scholars from all over the world. At the present time, mathematicians from England, Ireland, Scotland, France, Saudi Arabia, Norway, Belgium, and Israel, as well as from the United States and Canada, have indicated their interest in attending the meeting. Among prominent individuals attending will be P.M. Cohn, J.C. Robson, Maurice Auslander, Carl Faith, and William Schelter. Each of these people is an extremely well-known mathematician who has made significant contributions to the study of non-commutative rings.

The theory of non-commutative rings is, relatively speaking, one of the newer branches of mathematics. A non-commutative ring is a formal mathematical system which satisfies certain axioms. These axioms involve certain algebraic operations which do not commute, i.e., doing one operation and then another is not necessarily the same as doing the second and then the first. Examples of many such systems are known, although they are not common at an elementary level.

The Hudson Symposium will be devoted to the study of non-commutative rings, to the discussion of new results in that area, and to deciding how those new results will influence future research.

PIANIST DAVID BURGE TO OFFER RECITAL

The Champlain Chamber Music Series will present David Burge, pianist, in recital Tuesday, March 31, 1981 at 8 p.m., Hartman Theatre. The program will include works by Haydn, Albright, and Crumb. David Burge is internationally known as a concert pianist, recording artist, lecturer, journalist and teacher. Since 1975 he has been Chairman of the Piano Department of the Eastman School of Music, Eastman's highest honor. Burge is particularly well-known for his performance of twentieth century music. His many recordings encompass music by virtually every major composer of the present century. In addition to twenty-five American tours he has played in Eastern and Western Europe and in the Far East.

For tickets, contact the Hartman Theater Box Office at 564-2293.

GERMAN PROFESSOR TO SPEAK ON POST WORLD WAR II EDUCATION

Dr. Manfred Heinemann, professor in the Department of Education and History of Education at Germany's University of Hanover, will lecture on "Post World War II Education in Germany" on Thursday at 1:15 in the Cardinal Lounge. Heinemann, who will be on campus through Friday as a guest of the History Department, Student's Historical Association, and International Studies, will discuss the difficult transition period after World War II, when Nazis were banned from the German educational system and had to be replaced with teachers and professors acceptable to the Allies. Heinemann, a widely published author on German education and social problems, is presently a visiting professor at the University of Wisconsin in Madison.

WOMEN'S FESTIVAL PLANNED FOR APRIL

The College's Center for Women's Concerns has announced plans for a Women's Festival to be held on campus April 10-12. The weekend will begin with a coffeehouse on Friday evening. On Saturday, four workshops will be held. "Women, Our Bodies, Ourselves" will feature speakers from the Vermont's Women's Health Center. Anne LaBastille, well-known author, will discuss "Alternative Life Styles." Dr. Chris Niccio, professor of women's studies at SUNY New Paltz, will lecture on the "Legal Status of Women," and a panel of foreign students will talk about "Women in Other Cultures." A crafts and information fair will be held on Sunday afternoon in the College Center. Any craftswomen, artists, or musicians interested in participating are asked to contact Dianah Rayburn at 561-8947.

MARGARETE HECK IS COLLEGE'S FIRST FULBRIGHT WINNER

Senior Margarete Heck has been selected to receive a Fulbright-Hays Scholarship for the academic year 1981-82. She is the first Plattsburgh State student to receive one of the prestigious awards, which will cover tuition, travel and living expenses for a year of pre-doctoral study abroad. Heck, one of the first participants in the College's In Vitro Cell Biology program and a microbiology/tissue culture major, will study advanced cell biology at Heidelberg University with Dr. Jan-Eric Edstrom, who developed microdissection and microelectrophoretic techniques. The Catskill, N.Y. resident is a 1980-81 Hudson Scholar and was recently chosen for inclusion in the 1981 edition of Who's Who Among Students in American Universities and Colleges.

SUNY HONORARY DEGREE TO BE CONFERRED ON CANADIAN DIPLOMAT

Kenneth D. Taylor, the Canadian diplomat who engineered the escape of six Americans from Iran during the hostage crisis, will receive an honorary Doctor of Humane Letters degree from the State University of New York during commencement exercises to be held at the College at Plattsburgh on Sunday, May 24.

Taylor, who will deliver the principal address at the graduation ceremony, is one of only fifteen candidates approved by the SUNY Board of Trustees to receive the first honorary degrees ever conferred by the University.

The degrees are intended to recognize excellence and extraordinary achievement in the fields of public affairs, science, humanities and the arts, scholarship and education, business and philanthropy, and social services.

They also honor meritorious and outstanding service to the University, state, nation and humanity, and recognize persons whose lives and achievements should serve as examples of the University's aspirations for its students. The award will be conferred on Taylor by SUNY Trustee and Plattsburgh alumnae, Mrs. Judith L. Duken.

Taylor was serving as the Canadian Ambassador to Iran when the Iranian students captured the American Embassy in November, 1979. The nomination narrative for the honorary degree described his efforts: "At great risk to himself, his family and to fellow members of the Canadian diplomatic corps in Iran, who voted unanimously to follow his lead, Ambassador Taylor hid the (six) Americans for nearly three months while studying procedures for processing embassy employees in and out of Iran, while sending personnel on unnecessary flights to establish travel patterns and to screen security methods, and while pursuing the perilous course of obtaining forged documents for fictitious 'businessmen and women and technicians.' He was subsequently credited by his government for 'masterminding' and 'directing every detail' of the daring February 4, 1980 escape of the Americans."

He later received the Congressional Medal of Honor, this nation's highest citation for valor.

Other honorary degrees will be bestowed upon Elizabeth Luce Moore, the first woman chairman of the SUNY Board of Trustees; poet Dr. Damaso Alonso; General Electric Company senior vice president Dr. Arthur Bueche; Nobel Prize-winning author Isaac Bashevis Singer; researcher Dr. David deWied; noted Dante scholar Dr. Charles Southward Singleton; industrialist Edwin Albert Link; crystallographer Dr. David Harker; Dr. Donald Henderson, who led the worldwide effort of the World Health Organization to eradicate smallpox; Raymond Edwards, Principal of the Welsh College of Music and Drama at Cardiff, Wales; founder and president of the Children's Defense Fund, attorney Mrs. Marion Wright Edelman; Dr. Benjamin Elijah Mays, president of the United Negro College Fund; Dr. Glenn Anselm Fry, a pioneer in the field of physiological optics; and Dr. Mildred L. Montag, founder and director of the Adelphi College School of Nursing.

FOURTEEN HUNDRED STUDENTS MAY LOSE BEOG FINANCIAL AID

Fourteen hundred Plattsburgh State students will be seriously affected and up to 120 of those students may be forced to drop out of school if proposed cuts in Pell Grant (BEOG) funding are approved by the U.S. Senate this week. According to Suzanne Sokolowski, Financial Aid Director, 2,465 students are presently receiving financial aid through the BEOG program. If one proposal is passed, eliminating recipients with family incomes over about \$19,000, 820 students will lose their grants. Another proposal, which would reduce grants by 50 percent to those recipients with family incomes between \$8,000 and \$15,000, would affect 580 students. Sokolowski estimates that at least five percent of those students would be unable to continue their education under those circumstances.

Higher interest rates and lower loan totals have also been proposed in the Guaranteed Student Loan Program. Although the financial aid office has not determined the exact effects on students, Sokolowski stated that approximately 3,700 students borrow approximately \$5,750,000 through the program in a year's time.

Students and faculty members are encouraged to contact their Senators (Daniel Moynihan and Al D'Amato) to urge them to support higher funding levels for Pell grants so that low-income and middle-income students at public colleges will not be hurt by the cuts.

NATIONAL HONOR SOCIETY MEMBERS TO BE RECOGNIZED

Approximately 250 Plattsburgh State students will be honored at a recognition program and reception Monday. The students are members of campus chapters of eight national honor societies, Gamma Theta Upsilon (geography), Kappa Delta Pi (education), Omicron Delta Epsilon (economics), Phi Upsilon (home economics), Pi Kappa Delta (forensics), Psi Chi (psychology), Sigma Pi Sigma (physics), and Sigma Theta Tau (nursing). President Burke and Vice Presidents Roark and Supple will participate in the program, as will the presidents of the eight chapters. A reception will follow the program.

CANADA DAY SCHEDULE FINALIZED

April 2 is Canada Day in Plattsburgh and the schedule of events for the day marking Canadian-American friendship has been finalized. Canadian Consul General Kenneth Taylor will speak on "Canada-U.S. Relations and the Iranian Crisis" at 8 p.m. in Hawkins Hall. Tickets are free, but must be obtained through the Center for the Study of Canada Office, 133 Court Street. Tickets are also available at the office for the Canada Day Dinner which will be held in the Orchard Room. During the day, Canadian Studies will sponsor an information booth, a Canadian Book fair will be held in the Ballroom, a photographic exhibit by Robin Brown, entitled "The Canadian Landscape: Scenes and Symbols," will open in the Kent Gallery, and the film, "From the Heart," by Donnalua Wigmore will be shown in CL 205. Times are listed on the WEEKLY calendar.

FINANCIAL AID APPLICATION PROCESS CHANGED

The federal government has suspended processing Basic Educational Opportunity Grant (BEOG) Student Eligibility Reports (SER's) pending Congressional action on President Reagan's proposals to reduce federal aid to higher education. As a result the College has redesigned its financial aid application process.

Since it is impossible to predict when BEOG Student Eligibility Reports will be available, and financial need must still be determined **even for the Guaranteed Student Bank Loan**, all returning/continuing students **who have not already done so** must submit **immediately** a Financial Aid Form (FAF) to Princeton, New Jersey, listing Plattsburgh as an FAF recipient. FAF's are currently available in the campus Financial Aid Office and at the Outreach Center in the College Center. The Plattsburgh State Financial Aid Office application process still requires copies of parents' 1980 state and federal income tax returns, and those should be sent immediately.

Completed applications will be evaluated and tentative awards will be made on the basis of highest need. Tentative 1981-82 award notices for returning/continuing students will probably be mailed after the end of the spring semester. The starting date of the summer Work-Study Program may also be delayed. Remember to send the BEOG Student Eligibility Report to the Financial Aid Office as soon as you receive it from the processing center.

HIGH APPLICATION RATES CLOSE SEVERAL PROGRAMS TO FALL FRESHMEN AND TRANSFERS

Applications for four academic programs at Plattsburgh State University College are no longer being accepted for the fall, 1981 semester. Effective March 31, the business, accounting, nursing, and special education programs are closed to transfer students, and applications from incoming freshmen will no longer be accepted if they wish to enroll in the business or accounting programs.

Applications from prospective freshmen will continue to be accepted for nursing and special education.

These programs and several others at Plattsburgh State are "capped" programs, for which enrollments are limited.

President Joseph C. Burke explained, "At Plattsburgh, we intend to maintain quality and a balance of programs. Given the level of funding and staffing we have been assigned by the state, we must limit enrollment to some of our more popular programs in order to preserve a reasonable faculty-staff ratio, and also to keep a balance between programs on campus."

Application rates have been very high for the closed programs, according to David Truax, Director of Admissions. Over 500 persons applied for the 40 openings for freshmen in the accounting department. Over 900 applied for the 80 openings for freshmen in the business department, and more than 500 applications were received for the 55 openings allotted to transfer students in that department.

He added that, overall, 8,175 applications had been received as of March 30 for approximately 1,700 openings for incoming freshmen and transfer students.

PRESIDENT'S CLUB MEMBERS HONORED

Members of the Plattsburgh College Foundation's President's Club were honored at a reception on Sunday night at President Burke's home. The President's Club is comprised of individuals, businessmen and corporations who contribute a minimum of \$500 for student scholarships.

Fifteen persons were awarded plaques citing their or their businesses' participation in the President's Club for the first time. Forty-five persons received 1980 date tabs indicating that they or their businesses had participated in the program previously.

New members of the President's Club are Mrs. Aileen C. Clarke, Dr. Richard C. Day, Jr., Judge and Mrs. Robert J. Feinberg, Mrs. Janet W. Gillespie, Dr. and Mrs. Richard Manganel, Mr. Michael Murray, Mr. and Mrs. Charles J. Racette, Mrs. Lillian G. Roach, Mr. Russell VanKorb, Mr. and Mrs. Grant Webb, The Hubert Aiken Foundation (Mr. and Mrs. Hubert Aiken), Brascan Limited (Ms. Wendy Cecil-Stuart), Northway Volkswagen, Inc. (Mr. Bill Morgan), Patrick Vending Co. (Mr. Josh Patrick), and Plattsburgh V.F.W. Post #125 (Commander Robert Tourangeau).

HOME ECONOMICS DEPARTMENT HOSTS PROSPECTIVE STUDENTS

The home economics department this weekend tried a new kind of recruitment project and Dr. Marilyn Chase, acting chairperson, pronounced it "very successful." Twenty-three prospective students (both transfers and high school seniors) were invited to campus for a special visit. They arrived Sunday afternoon, and were welcomed by Dr. Burke, Dr. Troisi, Chase, and Mr. Truax. After being introduced to all of the home economics department faculty, the students divided into small groups by major for more in-depth discussions with faculty. Current home economics students acted as hosts and hostesses, taking the visitors to dinner in the dining halls as guests of the department. After enjoying some of the campus activities, the visitors spent the night in the dormitories, then on Monday attended classes and visited the financial aid and admissions offices.

Prospective students, current students, and faculty alike responded enthusiastically to the "pilot project." David Truax, Admissions Director, was also pleased with the weekend and said, "This is an excellent example of how faculty can assist in the recruitment process without leaving campus."

PROFESSOR AND STUDENT TO LECTURE IN HOLLAND AND ENGLAND

Dr. Roy S. Malpass, professor of behavioral science and Patricia G. Devine, a senior psychology student, have been invited to lecture at Tilburg University in The Netherlands on their research on eyewitness identification. They will spend three days at the University in early April. Ms. Devine will lecture on "Current Issues in Eyewitness Identification Research," and Dr. Malpass will lecture on "The Measurement of Lineup Bias."

Following their visit to Tilburg, Malpass and Devine will be the guests of the Centre for Socio-legal Studies at Wolfson College, Oxford University, where they have been invited to give a paper at the Law and Psychology Conference, sponsored by the Social Science Research Council, of the United Kingdom. This paper, authored jointly, is titled "Issues in the Measurement of Lineup Bias."

Malpass and Devine have recently published three joint articles in the eyewitness identification field, and have other papers and research in progress.

They have also been invited to contribute a chapter on "Use and misuse of lineups and photo arrays" to a book on "Advances in the Psychology of Eyewitness Testimony" to be published by Academic Press.

STUDENTS TO VOTE ON MANDATORY FEE; MAY JUMP TO \$100

Students at Plattsburgh will join other SUNY students this spring in voting on whether the activity fee should continue to be mandatory. The vote, which is held every three years according to SUNY regulations, has been scheduled at Plattsburgh for April 14th, and balloting will take place from 8 a.m. to 8 p.m. in Clinton and Algonquin Dining Halls, and in the College Center. No campus has ever voted against a mandatory fee.

The activity fee at Plattsburgh is currently \$40 per semester (\$80 per year) and supports a wide range of campus activities, including student organizations, intercollegiate and intramural athletics, cultural events, guest artists, special weekends, etc. A new ruling by SUNY Chancellor Clifton R. Wharton, Jr. would allow the fee to be increased to \$50 per semester (\$100 per academic year). SA President Laura Sadowski said that although it is a possibility, the fee at Plattsburgh will not necessarily be raised.

CAREER NIGHT PROGRAM SET FOR APRIL 9

More than 75 representatives from over 60 organizations in the fields of accounting, banking, business/industry, food and nutrition, government, health services, hospitality-hotel/restaurant/travel services, law enforcement, mass media, military, public service and retailing are expected to participate in the 8th Annual Career Night Program, Thursday evening, April 9. The program sponsored by the Office of Career/Life Planning and Placement, provides college students an opportunity to informally gather information pertaining to their career interests from professional representatives. These professionals will represent organizations from across the nation, however, most are from the northeast. All interested persons are invited to attend the program from 7 - 9 p.m. in the College Center Ballroom.

On Friday, April 10th, recruiters will formally interview graduating seniors in the Placement Office, Room 110 of the College Center. Appointments with recruiters scheduled to conduct employment interviews should be arranged in advance by contacting the Office of Career/Life Planning and Placement.

Fran Patnode, organizer of the two-day event suggests, "This is an excellent opportunity for students to explore careers, graduating seniors to interview for employment, and faculty to assist in the sharing of professional information and experience."

ADVISEMENT UNDERWAY

The advisement and registration period for the fall semester began this week and will run through April 10. Coordinator of Academic Advisement Tom Corigliano suggested that students set up appointments with their advisers early, and added that it is important for students to get their fall schedule arranged now.

Questions about the advisement process may be answered at the Outreach Desk in the College Center (564-4416).

FORENSICS TEAM WINS STATE TITLE; MISSY KING WINS THREE EVENTS

Led by Missy King, who captured three individual events titles, Plattsburgh's forensics team won the New York State Championship in Forensics last weekend.

The state title is awarded on the basis of points accumulated in three separate competitions, the Legislative Assembly, an individual events tournament, and a debate tournament. Plattsburgh accumulated 71 points overall to take first place, over Fordham with 34 points, and SUNY Binghamton with 21.

The Legislative Assembly took place in the fall, with the team coming up with third place. Last weekend, thirteen teams were entered in the individual events and debate competition and Plattsburgh overwhelmed the field, earning 205 points. Queens College took second place with 76 points.

Missy King led the team, winning three events, Poetry, Rhetorical Criticism, and Informative Speaking. Her teammates Anita Larsen, Dawn Fratangelo, Nora Finn, and Roger Sadler also turned in excellent performances, all of them making the finals in several events. The women swept the 'Pentathlon' which is based on points accumulated in five events, with Fratangelo taking first place, followed by Larsen, Finn, and King.

On the debate side, the team of Greg O'Brien and John McGarty placed third, while Mark Sandt and Rich Shea were fourth.

Members of the team will now compete in the national forensics tournament in Bowling Green, Kentucky in late April.

BEACH NAMED DIRECTOR OF CANADIAN STUDIES

Dr. J. Richard Beach has been appointed Director of Canadian Studies and International Education following an international search. He had assumed these duties for the current academic year when Dr. Earl Fry resigned last summer.

Beach joined the College faculty as a member of the Geography Department in 1970 and became involved with the Center for the Study of Canada in 1975 and with the Center for International Studies in 1976.

Dr. Charles Warren, Dean of Arts and Science and chairman of the search committee, said "Dr. Beach has, for many years, been a recognized campus leader in the area of international education and the success of our pioneer program in Canadian Studies is, in many ways, a result of his contributions."

Beach is also highly regarded by Canadian officials. Dr. Norman London, academic relations officer in the Public Affairs Division of the Canadian Embassy in Washington issued the following statement upon learning of Beach's appointment. "No more competent and qualified person could have been selected to broaden and continue the excellent program in Canadian Studies at SUNY Plattsburgh."

COLLEGE COUNCIL CHAIRMAN WRITES SENATOR MOYNIHAN ON PELL GRANTS

College Council Chairman Louis E. Wolfe has written a letter to New York Senator Daniel Moynihan asking for his support in defeating proposed cuts in Pell Grants (BEOG). Wolfe pointed out that 820 Plattsburgh State students would be affected if families with incomes of over \$19,000 were eliminated and 580 additional students would be involved if grants are reduced by 50% to families earning between \$8,000 and \$15,000. He added, "The future of our nation rests on an educated, trained population. I am sure I do not have to sell you on this idea, but I do feel that when we start spending billions on defense, we should have sufficient money to make sure that what we are defending is worthwhile."

DR. HEMING RE-ELECTED FACULTY SENATE CHAIRMAN

Dr. Hilton Heming and Dr. William Grazadei have been re-elected to the offices of chairman and vice chairman, respectively, of the 1981-82 Faculty Senate. Dr. Charles Mitchell was elected secretary.

Six new Senators were elected during the recent voting. They are: Eileen Benton, associate professor of nursing; Dr. Ronald Davis, assistant professor of English; Dr. Frederick Kissner, associate professor of environmental science; Dr. Howard Miller, professor of English; Dr. Robert Miller, associate professor of education; and William Robbins, associate professor of art.

Dr. John L. Myers and Dr. Thomas Morrissey were named to the executive board, and Dr. Eloise Law was chosen for the position of University Senator. Dr. Howard Miller will assume the chairmanship of the Resources and Planning Committee, and Dr. Davis and Dr. Raymond Guldosh were named to the College-Faculty Affairs Committee.

FORTY-NINE STUDENTS SELECTED AS NEW RESIDENT ASSISTANTS

Forty-nine students have been selected from a field of 217 applicants as new resident assistants for the 1981-82 academic year, according to Cheryl Hogle, associate director of Campus Life. Hogle said that these 49 will join with 43 second and third year RA's to total a staff of 92. The 92 RA's run the gamut of academic majors, she added, and carry an cumulative average of approximately 3.0. She added that next year's group will have an unusually high number of sophomores. Five of this year's freshmen were selected for the positions out of a "very outstanding" group.

Resident assistants are chosen, according to Hogle, on the basis of "maturity beyond the average, the ability to work independently, the ability to be both staff and student, and lots of common sense." Hogle added that her office is currently in the process of interviewing finalists for five dorm director positions.

ACTIVITY FEE VOTE NEXT TUESDAY

Student Association members will vote Tuesday on whether the activity fee will continue to be mandatory. Voting will take place in the College Center from 9 a.m. until 7:30 p.m. and in Clinton and Algonquin Dining Halls from 11 a.m. until 7:30 p.m. SA President Laura Sadowski said this week that the activity fee will definitely not be increased from \$40 per semester.

MATH CHAIRMAN FIGURES LITTLE LEAGUE SCHEDULE

The Plattsburgh City Little League will be run this summer on a schedule put together for them compliments of Plattsburgh State's Dr. Phillip Hofer, math department chairman.

According to Little League President Harold Brohinsky, the group was faced with a scheduling nightmare when the composition of the league was changed from two 6-team divisions who never played one another, to a 12-team league bound by several playing rules, such as rotating fields and not playing on successive nights. No appropriate schedule existed, and Brohinsky called the College for help. Hofer (who has no children involved in Little League) volunteered to put together a schedule, and after approximately four hours of work, did just that. The Little League Board adopted Hofer's schedule this week.

HOCKEY CARDS "STICK IT" TO LAYMAN

George Layman, manager of the College Bookstore, is the proud owner of a hockey stick, personally autographed by all of the members of the Cardinal team. The Cards gave Layman the stick to thank him for his generous donation of pompoms and other "spirit" items which were handed out to students during the season. The bookstore manager was very pleased with the gift, and said, "School spirit is important and I'm glad I could help generate some, especially since the team appreciated it so much."

OPEN HOUSE SET FOR APRIL 25

Approximately 800 prospective students, parents, and friends are expected to visit campus for the annual Open House on April 25. The day-long program will begin at 9:30 a.m. with welcoming remarks by College President Joseph C. Burke, Student Association President Laura Sadowski, and Mrs. Judith Duken, a member of the SUNY Board of Trustees.

During the morning, the visitors will tour the campus with student guides. From noon until 3 p.m., faculty members from each department and representatives from student affairs offices will be available in the College Center Blue Lounge to answer questions about academic programs, housing and student life. Representatives from various student organizations will also be available in the College Center to talk about campus activities.

The financial aid and admissions offices will be open during the day.

The purpose of Open House is to acquaint prospective students, both incoming freshmen and transfers, with the College, its faculty, facilities, academic opportunities and extracurricular life.

ALUMNI ASSOCIATION WINS TWO SUNY AWARDS

The College's Alumni Association has received two State University Alumni Confederation Awards for Excellence in Alumni Programming under the category of "Development and Implementation of New and/or Innovative Programs." The awards, presented at the group's 14th annual conference, were given specifically for the Annual Fund (a proposal for the development of a class agent system) and for an on-campus program (a senior/parent graduation reception), co-sponsored with the Student Association..

PLUS, MINUS GRADING POLICY; OPTIONS IN JOURNALISM APPROVED BY BURKE

President Joseph C. Burke has approved three policy statements of the Faculty Senate, establishing a plus and minus grading policy and two study options in journalism.

The grading policy will go into effect with the Fall, 1981 semester and will expand the grading scale to include pluses and minuses. The new grading scale will be as follows: A = 4.0, A- = 3.7, B+ = 3.3, B = 3.0, B- = 2.7, C+ = 2.3, C = 2.0, C- = 1.7, D+ = 1.3, D = 1.0, E = 0.0.

Also approved by Burke were an English Study Option in Journalism, designed to prepare students for careers in newspaper and magazine writing, and a Communication Study Option in Electronic Journalism, designed to equip students with the skills for a professional career in gathering, writing and producing news for radio and television.

MIKKELSONS PARTICIPATING IN "OBERAMMERGAU OF THE PLAINS."

Rick Mikkelson, associate professor of art, and Susan Mikkelson, part-time instructor in art, have been invited to participate in the 100th production of the Messiah Festival of music and art at Bethany College, Lindsborg, Kansas. The festival is a two-week fine arts celebration which includes performances of Handel's "Messiah," art exhibitions and lectures, and theatrical productions. It has been called the "Oberammergau of the Plains."

Mr. Mikkelson will exhibit 46 of his drawings and paintings at the Mingenbeck Art Center from April 5 to May 3, and will present six lectures, including a public lecture on his exhibition, four short presentations on Christian art, and a lecture to Lindsborg-area clergy on selected depictions of the Lord's Supper. He will give two painting lecture/demonstrations and will meet with five drawing classes to discuss their work and his own drawing and painting.

Susan Mikkelson will conduct two collage workshops, lecture on her own drawing and painting to the Bethany Basic Art Principles class, and meet with students in six drawing and painting classes to discuss their work and her own drawing and painting. Susan and Rick Mikkelson will also jury the annual student art exhibition.

SIX TEAMS COMPETE IN CAMPUS COMPUTER CONTEST

Six teams of four students each competed in the recent computer contest sponsored by the Computer Science Department and the campus chapter of the Association of Computing Machinery. The winning team members were Mike Turnbull, Donald St. Denis, Rodney Gregoire, and Gary Milosovich. Teams were assigned three problems, based on the problems used in a recent national computing competition, and were judged on the number of problems they were able to complete, the number of runs they used, and the amount of time they took to solve the problems. This is the fourth campus computer competition.

JAZZ ENSEMBLE SELECTED FOR COMPETITION

For the third year in a row, the College Jazz Ensemble has been invited to participate in the Quinnipiac Intercollegiate Jazz Festival. The 24-member group will compete in the Hamden, Connecticut festival on April 24 and 25.

Director Herm Matlock explained that each year 40 to 50 college jazz bands submit tapes to audition for the event, and only 10 are selected. "In essence, we're past the semi-finals," Matlock explained. "The festival is the finals."

Last year, the Jazz Ensemble placed fifth. The year before, they took sixth place. Matlock is optimistic this year about taking the number one spot, saying "I think we can do it!"

DR. HANS HIRSCH REMINISCES ON WCCE

Dr. Hans E. Hirsch, professor emeritus, is the featured guest on an interview program to be seen on Cable Channel 10 on April 21 at 6:30 p.m. Interviewed by Dr. Paul Roman, Dean of Graduate Studies and Research, Hirsch discusses his life in Europe in the 1920's and then talks of Plattsburgh in the 1980's. Hirsch, who was educated in Germany and Austria, was editor-in-chief of the renowned artistic literary magazine "Die Jugend" ("Youth") in Munich from 1929-33 and was familiar with many of the European artists and intellectuals of that era. He left Germany in 1938 in the face of Hitler's growing power and eventually arrived in Plattsburgh in 1949, when the College had 45 faculty members and 600 students. Hirsch officially retired in 1975, but continues to teach occasional classes in history.

THE WEEK OF THE YOUNG CHILD" COMES TO CAMPUS

The College's Early Childhood Class, in conjunction with the National Association for the Education of Young Children, is devoting the week of April 26 - May 2 to children. Proclaimed "The Week of the Young Child" by Plattsburgh Mayor John Ianelli, the week is a concerted effort to provide the public with information about the nature of and the need for quality services for children, and to enlist active support in efforts designed to improve the status of children. Children and educators from twenty-two nursery schools, Head Start programs, and day care centers in Clinton County have been invited to participate in the week's activities.

MOBILE TRAFFIC SAFETY VAN TO VISIT CAMPUS

The New York State Mobile Traffic Safety Van, operated by the Governor's Traffic Safety Committee, will be on campus on April 21-24 for a highway safety promotion directed to the college-age population of the state. The van will be located in the College Center courtyard and open for tours daily from 9 a.m. - 2 p.m.

The Plattsburgh visit is one of a series of visits being made by the GTSC exhibit van to college campuses throughout the state.

The 35-foot van features a built-in Driver Simulator for drivers to test their driving skill, and a Breathalyzer, Intoxilyzer and other alcohol and speed detection equipment. The special equipment is demonstrated by representatives of the highway safety unit. The exhibit program also presents a variety of brief films, posters and hand-out brochures stressing important traffic safety themes, with special emphasis on efforts to curb driving by persons under the influence of alcohol. The GTSC highway safety program is funded by the Federal government as an important phase of its drive to reduce the number of fatalities on the nation's highways.

CHAMPIONSHIP HOCKEY GAMES TO BE AIRED ON CHANNEL 10

The Student Association has purchased from ESPN, the national sports TV network, the videotapes of the NCAA Hockey Championship games played last month and will air them on Cable Channel 10. The PSUC vs. Lowell game, the final match, will be seen at 8:30 p.m. on April 22 and 23, and again on May 7 at 7:30 p.m. PSUC vs. Concordia, the preliminary game, will run on May 5 at 7:30 p.m.

CORRECTION

Last week we ran an article about the chairman of the mathematics department helping the Plattsburgh Little League with their scheduling problems. However, Dr. Hofer's first name is Robert, not Phillip. Sorry!

STUDY LEAVE APPROVED FOR BURKE; SUPPLE NAMED ACTING PRESIDENT

The SUNY Board of Trustees today approved a five-month study leave for President Joseph C. Burke. Burke will be on leave from August 1 through December 31 and plans to work on his book *Coping with the Modern College Presidency*. He will spend one month (October 15 -November 12) at the Rockefeller Foundation's Bellagio Study and Conference Center in Lake Como, Italy.

The Trustees named Dr. Jerome Supple Acting President of the College during Burke's absence.

Dr. Charles Warren will assume the position of Acting Vice President for Academic Affairs, and Dr. Hiong-Zung Liu will be Acting Dean of Arts and Sciences.

In announcing the appointments, Dr. Burke said, "I am very pleased that we have such experienced and qualified administrators who are capable of continuing our efforts to make the State University College at Plattsburgh one of the best institutions of higher education in New York State. I am sure that Drs. Supple, Warren, and Liu will provide the kind of leadership during the first semester next year that this campus deserves."

BURKE URGES 'BEST FOOT FORWARD' FOR OPEN HOUSE

Open House is Saturday, and nearly 1,000 prospective students and their families are expected to participate in the day's activities, which include campus tours during the morning, and informal talks with faculty, staff, and students in the Blue Lounge during the afternoon. Discussing Open House, Dr. Joseph C. Burke said this week, "For many of these students and their parents, it will be their first real look at Plattsburgh State, and we certainly want to put our best foot forward." He encouraged the entire campus community — faculty, staff, and students — to participate in the day's activities and to help make the visitors feel welcome.

LACK OF STATE BUDGET HITS HOME; POSTAGE A PROBLEM

The inability of the New York State Legislature to pass a budget for the current fiscal year is beginning to hurt. The lack of an operating budget for the state since April 1 has stopped the flow of all state monies to the College. Although personnel have been paid in scrip, which has been honored by area banks, the lack of funding is affecting College operations, according to William Woltjen, acting vice president for finance and management. Woltjen said that the biggest problem is postage and added that the College's capacity to send mail may soon end unless the state budget is passed within the next few days. A second major problem is the lack of money for faculty and staff travel expenses. Woltjen also explained that no purchase orders have been processed during the last three weeks.

DR. KENDALL TAYLOR TO JURY STUDENT ART SHOW

Dr. Kendall Taylor, Head of Travelling Exhibitions for the Library of Congress, will be on campus on April 30 to present a public lecture and to act as juror for the student art show. Taylor is the former gallery director at SUNY Potsdam's Brainerd Gallery and past president of the Council of SUNY Gallery and Exhibition Directors. Taylor will make the final selections for the student art show which will be on exhibit in the Myers Fine Arts Gallery from May 10 to May 24. She will also present a public lecture on "The Museum as Educator and Entertainer" at 7:30 p.m. in the College Center Blue Lounge.

COMMUNICATIONS FACULTY MEMBER WORKING TO REVITALIZE VILLAGE

The Village of Keeseville may soon become a much nicer place to live, if the efforts of Dr. Phillip Reines, associate professor of communications continue to bear fruit. Reines, a resident of that village, is the chairman of "Friends of Keeseville," a non-profit corporation which has just received approval of a renewable three-year grant to support revitalization and preservation of the community. Reines said that the grant, awarded by the New York State Division of Housing and Community Renewal, will provide \$38,700 the first year, and will amount to more than \$100,000 over the three-year period. Reines explained that the village's progress toward revitalization is being considered as a model for the restoration of other small New York communities.

FINANCIAL AID PICTURE BRIGHTENS, BUT FURTHER PUSH NEEDED

The future of financial aid for undergraduate students is no longer quite so bleak. The House Budget Committee last week restored some funds to the student aid programs. The Committee provided \$3.1 billion for Guaranteed Student Loans, a reduction of \$375 million rather than the \$751 million proposed. Regarding Pell Grants, the Committee approved \$2.54 billion for 1982, \$17 million more than the Reagan administration proposed. Students, their parents, faculty, and staff are encouraged to write to their Congressman urging that they support these restorations.

ECONOMICS HONOR SOCIETY TO INDUCT NEW MEMBERS

Fourteen students will be initiated into the Alpha Sigma chapter of Omicron Delta Epsilon, the international honor society in economics on Thursday, April 23. They are: William P. Crowley, Michael G. Furlong, Karen Jackson, Teri Johnson, Joseph Dominic Lore, Karen Miglis, Ronald Neal, Karen Ricketson, Leslie C. Ross, Richard Shea, Mark K. Sadowski, Paul Taube, Patricia Ann Till and Scott Walker.

Highlighting the groups' ceremonies will be a visit by Dr. Robert G. Hawkins, Vice Dean of New York University's Graduate School of Business Administration. Hawkins, an expert on international business, is the author of the book *The United States and International Markets*, and many articles on that topic. He will give an open lecture at 1:15 p.m. in FOB II, Room 130 on "The North American Market in an Environment of Protectionism," and will participate in an International Business Colloquium at 3 p.m. A public reception will be held for Dr. Hawkins in the Rockwell Kent Gallery from 4:30 to 5:30 p.m.

BIOGRAPHER OF WALT WHITMAN AND SAMUEL CLEMENS TO LECTURE

Justin Kaplan, the distinguished American biographer, will give two lectures on campus on April 28. Kaplan, who won a Pulitzer Prize for *Mr. Clemens and Mark Twain*, will speak at 4:15 p.m. in the Cardinal Lounge on the art of biography and will deliver a public lecture at 8 p.m. in the Ballroom on "Two American Lives: Mark Twain and Walt Whitman." His visit is sponsored by a grant from the New York Council for the Humanities, the Student Association, and the College.

PLACEMENT OFFICE SURVEY SHOWS 1980 GRADUATES DOING WELL

Figures compiled by the Career/Life Planning and Placement Office indicate that 1980 Plattsburgh State graduates are faring very well in the job marketplace. Carolyn Delcore, acting director, said that 70% (776) of the 1,103 graduates responded to the survey, which is 7% above the highest response rate to date. Of those responding, 15% were unavailable for employment, with 13.5% currently enrolled in graduate school, and 1.5% otherwise unavailable. Of the remainder, 91% are employed, 79.6% are professionally employed, and 62.4% are professionally employed in their field.

Computer science majors and fine and performing arts majors led the list of "in-field professional employment" at 100%. Closely following were health-related majors (nursing, medical technology, health education, food and nutrition, and speech and hearing) at 99%, and education majors at 95%.

ADD/DROP PROCEDURE TO CHANGE

The Add/Drop Procedure currently in use (which resulted in more than 9,500 adds and/or drops last semester) will undergo some revision for the fall 1981 semester.

As a result of discussions between Dr. Jerome Supple, Vice President for Academic Affairs, the Academic Deans and various groups of faculty, the add/drop system will change to a Registrar-based operation for courses which are still open, and Department Chairman approval for courses which are closed.

Under the new system, a student whos wishes to add or drop a course will no longer need an instructor's signature. He will have to go to the Myers Fine Arts lobby where computer terminals will be set up to conduct drop/add "live." Particulars will be posted since obviously not all students can come on the first day. If a course is closed only the Chairman of the Department will, in exceptional cases, sign an add card.

According to Dr. Supple, the changes in the add/drop system were necessitated by the increasing volume of adds and/or drops each semester. In addition, many students spent the first few days each semester running around campus trying to add courses rather than attending classes. It is hoped that the new system will alleviate these problems.

The new system will not penalize students who take full advantage of the existing registration process and attempt to register for the courses and/or options that they want. However, it will be more difficult for students who have not registered. For this reason, those students who did not register for fall courses will have a last opportunity to do so during the "schedule make-up" period on May 7th and 8th. Students who have not registered should see Mrs. Daui Woodin in the Registrar's Office for specific details on completing their registration.

PRESIDENT AND MRS. BURKE, ALUMNI ASSOCIATION AND SA TO HOST CLASS of '81

A reception honoring the Class of '81 and their parents will be held on the eve of commencement in the courtyard of the College Center, from 5 - 7 p.m. The event is being co-sponsored by President and Mrs. Burke, the Alumni Association and the Student Association. Invitations to each graduating senior will be mailed out shortly by the College Relations Office. Last year's reception, the first of its kind,, was a huge success, with about 1,500 persons attending.

HANDICAPPED AWARENESS DAY SET FOR MAY 5

The Campus Section 504 Committee has scheduled a "Handicapped Awareness day" on May 5, which will focus on mental and physical disabilities and the special needs of people with those disabilities. The committee has planned a wheelchair activity and a blindfold activity and will encourage members of the campus community to participate. Three films, "A Matter of Inconvenience," "A Different Approach," and "Walk Awhile in My Shoes" will be shown during the day. Clients from the ARC Sheltered Workshop will put on a horticulture display and photographs by a visually impaired artist will be exhibited. All activities will take place in the College Center between 10 a.m. and 4 p.m.

IAB TO RECOGNIZE '80-'81 ATHLETES

The College's Intercollegiate Athletic Board (IAB) is sponsoring a wine and cheese reception and awards ceremony to be held next Tuesday (May 5) to honor all athletes who participated in men's and women's intercollegiate sports activities during the 1980-81 academic year. The program, to be held in the Ballroom of the College Center, will begin at 7:30 p.m. It will recognize approximately 250 men and women athletes who represented the College during the past year in competition with rival colleges and universities.

Special recognition will be accorded to seniors who have worn the Cardinal uniform for as many as four years. Also, two students will be singled out to receive the Scholar-Athlete Award of 1980-81. The award honors the man and woman athletes, respectively, who have demonstrated leadership qualities through involvement in campus activities and affairs as well as ability in scholarly and athletic endeavors.

ARMS AND THE MAN TO OPEN WEDNESDAY

"Arms and the Man," a satirical comedy by George Bernard Shaw, presented by the New Theatre Association and the Department of Theatre opens a five-day run on April 29. The play, which will be presented each evening at 8 in the Hartman Theatre, features Kenny Roberts and Liz Conley in the lead roles and is directed by Dr. Lorraine Commeret. Ticket prices are 50¢ for PSUC students, \$2.50 for other students and senior citizens, and \$3.50 for the general public. Tickets may be reserved by calling 564-2293 between 2 p.m. and 6 p.m.

ENVIRONMENTAL ACTION COMMITTEE PRESENTS TOWARDS TOMORROW FESTIVAL

The Environmental Action Committee will present a week-long "Towards Tomorrow Festival" on campus from May 3 through May 9. Headlining the week's activities will be an appearance at 8 p.m. on May 6 by Dr. Helen Caldicott, a pediatrician who founded the organization Physicians for Social Responsibility, and who is well-known for her anti-nuclear activities. Also lecturing during the week will be Sam Sage, president of the NYS Chapter of the Sierra Club (May 7). Films, yoga demonstrations and workshops will be offered during the noon hours throughout the week and, on Saturday, an Alternative Energy Fair will be held in the courtyard between the Myers Fine Arts Building and the College Center. For more information about the festival, contact Steve Iacketta at 563-3273.

COLLEGE-COMMUNITY ORCHESTRA TO PRESENT CONCERTS MAY 3

The College-Community Orchestra will give a Lollipop Concert at 4 p.m. and a Full Concert at 8 on Sunday, May 3, in Hawkins Hall with pianist Kathryn Stuart as guest artist. Under the direction of William Phillips, the orchestra will perform Robert Schumann's Piano Concerto in A Minor. The program will start with Mozart's Overture to "The Magic Flute," followed by Schumann's Symphony No. 4 in D Minor.

The orchestra will perform again this spring at the Lake Placid Center for Music, Drama and Art on May 17, when the program will feature both works by Schumann and Aaron Copland's Fanfare for the Common Man.

Admission to the May 3rd concert is free. The orchestra invites the public and children of all ages to enjoy an afternoon or evening of music with them.

STRAVINSKY'S 'L'HISTOIRE DU SOLDAT' CONCERT ON MAY 4

The Champlain Chamber Music Series will conclude its spring season with a special all-Stravinsky concert on Monday, May 4 in Hartman Theatre at 8 p.m., featuring the Cordier Ensemble of New York in a complete performance of "L'Histoire du Soldat" ("The Soldier's Tale") with new choreography by Joan Lombardi.

The Concert will begin with a performance of Stravinsky's "Duo Concertant" by violinist Yenoïn Guibbory and pianist Kathryn Stuart of the PSUC music faculty. Tickets are \$3.00 for the general public, \$2.00 for senior citizens and non-PSUC students, and free for PSUC students, faculty and staff. For reservations, call the Hartman Theatre Box Office (564-2293); for further information, please call 564-2180.

THREE RECEIVE CHANCELLOR'S AWARD

Dr. Matthew Merrens, associate professor of psychology, Dr. Vladimir Munk, professor of biology, and Janet Edwards, assistant director of admissions, are among 78 teaching faculty, librarians, and non-teaching professionals throughout the SUNY system to receive the 1981 Chancellor's Award for Excellence.

The award, initiated nine years ago, recognizes the recipients for excellence of performance in their professional duties. Nominations are solicited by a campus selection committee from faculty, students and administrators, then submitted to an Awards Committee for review. The final selection is made by Chancellor Clifton R. Wharton, Jr.

Merrens and Munk were recipients of the Chancellor's Award for Excellence in Teaching, while Edwards received the Chancellor's Award for Excellence in Professional Service.

Merrens, who has been a member of the College faculty since 1971, teaches courses in the psychology and theory of personality. The Campus Selection Committee in its recommendation said Merrens "not only is an exceptional teacher and responsible to students both in and out of class, but also demonstrates his own professional growth through research and writing."

Munk, who joined the faculty in 1963, teaches courses in microbiology and microbial physiology. He has published over 50 articles in scientific journals. In 1968, he was awarded the highest state prize given by the Czechoslovakian government. The campus committee recommended Munk as a man "whose superiority in his field of research directly benefits his students to an extraordinary degree."

Edwards began her career at the College as a residence hall director in 1974, then joined the admissions office staff as a counselor in 1975 and was promoted to her present position in 1977. She will assume the position of assistant to the president in August. In recommending her for the Chancellor's Award, the committee cited her "history of outstanding performance," and commended her for "high levels of adaptability, flexibility, and initiation and implementation of new ideas."

FOUNDATION'S BUSINESS/CORPORATE CAMPAIGN KICKS OFF

More than twenty-five community volunteers, representing businesses throughout the area, gathered at the College Monday to kick off the Plattsburgh College Foundation's 1981 Business/Corporate Campaign in support of student scholarships.

The goal for this year's drive is to break the 1981 record of \$33,000, according to Curtis E. Shipman, chairman of the Foundation's annual giving program. Spearheading the effort will be Daniel L. Jerry, president of Vincent S. Jerry & Sons, Inc., Plattsburgh; Cliff Calongne, manager of internal operations, Northern Insuring Agency; and Harry E. Mowry, Vice President, Bindery Systems Division of Harris Communications. Dr. Joseph C. Burke, Plattsburgh State's President, told the group that "in terms of both tangible results and symbolic meaning — as an endorsement of the quality and significance of Plattsburgh State — the annual Business/Corporate Campaign provides vital support to the College."

Dr. Burke praised Shipman, Jerry, Calongne, and Mowry for their community leadership and for their dedication to the College.

"Plattsburgh State is very fortunate to be part of a community which has repeatedly demonstrated its generosity towards and support of, the College." He added that, "continued financial and moral support of the College by the local business community" are increasingly important.

Shipman, Regional Vice President of Marine Midland Bank in Plattsburgh, noted that contributions to the Foundation through the Business/Corporate Campaign have more than tripled since it began seven years ago. In the past seven years, the Campaign has raised a total of \$174,075.

Other members of the Business/Corporate Campaign Steering Committee are: Dan Adams, Ann Brandell, Lawrence Carpenter, Richard Cronin, Judith Duken, Richard Ellis, Paul Green, Brett Heiss, Margaret Kennedy, Clyde A. Lewis, Bill Morgan, Barbara Murray and Peter Whitbeck.

HAMMOND NAMED 'COACH OF THE YEAR'

Herb Hammond, head coach of the Plattsburgh State Cardinal hockey team, has been named College Division "Coach of the Year" by the American Hockey Coaches Association.

Hammond, who led the Cardinals to perhaps their best season ever, received the Edward Jeremiah Memorial Trophy at the A.C.H.A. Conference in Sarasota, Florida.

Under Hammond, the Cardinals achieved a 27-4-2 overall record, won the ECAC title, and, as the first State University of New York school to be invited to participate in the NCAA tournament, placed second in the nation.

Bill O'Flaherty, head coach of Clarkson College's Golden Knights, was named University Division "Coach of the Year." O'Flaherty will join Hammond and Los Angeles Kings All-Star right winger Dave Taylor in July in coaching the Plattsburgh State Summer Hockey School.

COLLEGE AFFILIATES WITH NATIONAL LEADERSHIP HONOR SOCIETY

Plattsburgh State became the first State University of New York campus to affiliate with Omicron Delta Kappa, the national leadership honor society, on Saturday.

Eighty-six students, faculty, and alumni were granted charter membership during a ceremony held at the Newman Center.

The society's primary purpose is to recognize men and women who have attained a high standard of academic achievement and leadership in campus and community activities, along with exemplary character.

Along with 44 students, 27 alumni and 14 faculty members, one honorary member was inducted. E. Glenn Giltz, president of the Plattsburgh College Foundation, was awarded membership in the society for his efforts on behalf of the Foundation and its scholarship program. Also inducted was Mrs. Judith Duken, a 1959 graduate of Plattsburgh and the first SUNY alumnae named to the SUNY Board of Trustees. Students members represent 22 different fields of study, and are presently carrying a collective cumulative average of 3.4 out of a possible 4.0.

STRACK, FEINMAN WIN OUTSTANDING SCHOLAR-ATHLETE AWARDS

Linda Feinman, who established a new career high scoring record for the women's basketball team, with 856 points, and Rick Strack, the Cardinals All-Star goalie, were named Outstanding Female and Male Scholar-Athlete of the Year at Tuesday's program honoring Plattsburgh State's Athletes.

Feinman, who will graduate this month after only three years, is a business/marketing major from East Islip. She has been team captain, leading scorer, and leading rebounder on the basketball team all three years. Feinman has also been active as a financial aid peer counselor, a summer orientation leader, and a member of the Marketing Club.

Strack, a senior business management major from Lake Placid, was the first Cardinal hockey player to sign a professional contract, and played several games this spring with the New York Rangers' farm team, the New Haven Night Hawks. Strack has played hockey for four years with the Cards and this year was named to the ECAC II West All-Star team, the NCAA Tournament All-Star team and the SUNYAC All-Conference team. He was also a finalist for the Hobey Baker Award.

HOME ECONOMICS HONOR SOCIETY WINS NATIONAL RECOGNITION AWARD

Beta Epsilon, Plattsburgh State's chapter of Phi Upsilon Omicron, the national home economics honor society, has received a national recognition award for their 1980-81 Professional Project. The Chapter's project was one of six from approximately 100 projects to receive the commendation certificate.

The project consisted of organizing a program for the John Collins Housing Project's Teen Center, and members of Beta Epsilon coordinated and managed a variety of activities, functions and presentations for the adolescents at this center during the fall semester.

FIVE BIOLOGY STUDENTS AWARDED FELLOWSHIPS

Five biology students (three graduate students and two seniors) have been awarded fellowships to continue their education, according to Dr. Liu, chairman of the biology department. David LeBlanc has been accepted in the Ph.D. program at the College of Environmental Sciences and Forestry with a fellowship of \$3,800 plus tuition. David Rock will attend the University of Michigan in the Neurobiology Program as a Ph.D. candidate with a National Research Science Award Traineeship of \$11,000. Kenneth Walsh was awarded a fellowship of \$4,000 plus tuition to pursue a Ph.D. in the Department of Pharmacology at the University of Cincinnati Medical School.

Seniors Maureen Guthrie and Aaron Roome were also fellowship winners. Guthrie will continue her studies in the Department of Pathology at the University of Vermont with a \$5,900 fellowship, and Roome has been accepted by the Graduate School of Biomedical Sciences at the University of Texas in Houston. He will study immunology with a graduate fellowship of \$5,500.

1,026 TO RECEIVE DEGREES SUNDAY AT COLLEGE'S 91ST COMMENCEMENT

One of the largest graduating classes in the history of the College will receive degrees during the 91st annual spring commencement exercises Sunday. Degrees will be awarded to 1,026 students during the ceremony, which will begin at 1:30 p.m. at the College Field House.

Canadian Consul General Kenneth Taylor will deliver the commencement address and will receive an honorary degree — one of the first to be awarded by the State University of New York. Dr. Robert F. Allen will receive the first Distinguished Alumnus Award to be bestowed by the College, and Dr. Vladimir Munk, Dr. Matthew Merrens, and Ms. Janet Edwards will be recognized for having received the Chancellor's Award for Excellence.

President Joseph Burke will preside at the commencement and confer degrees. Candidates for degrees will be presented by Academic Affairs Vice President Jerome Supple, and College Council Chairman Louis Wolfe will award the diplomas.

Receiving degrees during the ceremony will be 959 baccalaureate candidates, 54 master's candidates, and 13 candidates for certificates of advanced study. Thirteen students will graduate summa cum laude (with highest honors or a grade-point average of at least 3.9). They are: Gina Castronovo, Elmont, special education; Juliana Consoli, Plattsburgh, psychology; Francis Dayter, Albany, political science; Patricia Devine, Schenectady, psychology; Nancy Dodge, Northville, psychology; Teri Johnson, Merrill, international business; Terri Linden, Guilderland, psychology; Barbara Mellina, Commack, marketing; Karen Ryan, Ticonderoga, elementary education; Anne Schneider, Loudonville, psychology; Edmund Smart, Plattsburgh, business management; Joanne Tierney, Great River, elementary education and Frances Weaver, Gallupville, psychology.

SEVEN FACULTY/STAFF MEMBERS ANNOUNCE RETIREMENTS

Seven members of the Plattsburgh faculty and staff have announced their upcoming retirements. They are Olive Flynt, Mary Healy, Nilah Hausdorf, Theresa Herlihy, Claire Bruner, Virginia LaDue, and Irene Dubrey.

As noted in an earlier issue of *Weekly*, Olive Flynt, assistant to President Joseph Burke, will retire in August after 27 years of service to the College. She received both her bachelor's and master's degrees from Plattsburgh and worked as secretary and later as assistant to former President George Angell.

Mary Healy, associate professor of home economics, has taught at the College since 1951 and was active in the establishment of the food and nutrition major. She has long been associated with the *Press-Republican* Cook-offs in the community. Healy plans to take up residence in Boca Raton, Florida.

Nilah Hausdorf, librarian at the Campus School for 16 years, had brought the library collection to a position as one of the foremost children's collections in the North Country. She has also been active in the School Library Network Planning Conference. She will retire July 1.

Theresa Herlihy will retire in August after a career spanning three professions. Her educational background includes nursing, teaching and social work. She joined the college faculty in 1966 as assistant professor of nursing, then transferred to the department of health education in 1978. She is well known in the community for the development of the course "Child Abuse."

Claire Bruner, typist in the Feinberg Library, will retire this week after 16 years of service. Virginia LaDue, typist in the housing office, will retire at the end of June after 22 years of service to the College, and Irene Dubrey, building service aide, will retire in July after having been a member of the College staff since 1967.

TEN HIGH SCHOOL SENIORS NAMED FIRST FOUNDATION SCHOLARS

Ten incoming freshmen have been named to receive the highest award given by the Plattsburgh College Foundation. Designated as the first Foundation Scholars, the five men and five women were selected solely on the basis of their academic achievement to receive the equivalent of a full tuition (\$1,050) scholarship for four years.

The ten Foundation Scholars will participate in special programs during their years at Plattsburgh State which will be designed to encourage their scholastic talents.

The students chosen for this honor, their hometowns, and their intended majors are: Stephen Burdeau, Plattsburgh, computer science; Theresa Calfapietra, Bohemia, nursing; Kenneth Edwards, Peru, computer science; Janet Hoeflein, Endicott, accounting; Thomas Hurysz, Webster, environmental science; Carla Rudd, Somers, business; Robert Szustakowski, West Seneca, environmental science; Beth Thomas, Rensselaer, medical technology; Michael Tracey, Clifton Park, engineering; and Patricia Trudeau, Ticonderoga, speech and hearing education. High school averages for the ten Foundation Scholars range from 93.5 to 96.3, and SAT scores range from 1200 to 1340.

DR. TUTTLE, FORMER ASSOCIATE DEAN, DIES SUDDENLY ON MAY 15

Dr. Frederick B. Tuttle, former associate dean of the College from 1952-1963, died suddenly on May 15 while at Yale University in New Haven, Conn. Dr. Tuttle, 73, left Plattsburgh to assume the directorship of the educational programs division of the National Aeronautics and Space Administration, a post from which he retired three years ago. Funeral services for Dr. Tuttle were held on Tuesday in New Haven. Friends of the Tuttles wishing to send cards or letters can address them to: Mrs. Eleanor Tuttle, 3133 Connecticut Ave., Washington, D.C.

EOP DIRECTOR APPOINTED

Keith D. Smith of Utica, New York, has been appointed Director of the College's Educational Opportunity Program and will assume the position in June. Smith was chosen after an extensive search by a campus search committee chaired by Special Services Project Director Elizabeth Pasti. He is a 1973 graduate of SUNY at Potsdam and received a master's degree in counseling psychology from Syracuse University in 1978. He has been employed at Utica College of Syracuse University in the Higher Education Opportunity Program since 1975, first as a program counselor, then as coordinator of academic and supportive services, and currently as project director.

At Plattsburgh, Smith will oversee the EOP program, which assists students with special needs to succeed in college. The program provides special financial aid funds, counselling, reading and communications skills programs, and tutoring services.

COLLEGE COUNCIL TO MEET SUNDAY

The May meeting of the Plattsburgh College Council will be held at 10:00 a.m. on Sunday, May 24 in the College Center Orchard Room. The Council will hear reports from members of the Executive Staff relative to activities in their different areas during the past academic year.

Congratulations and Best Wishes to the Class of 1981!

SUMMER SESSION TO FEATURE 25TH LEADERSHIP WORKSHOP, THEATRE WORKSHOP

Plattsburgh State will host its 25th Annual National Leadership Workshop in July, as outstanding educators from across the country present two weeks of intensive seminars designed for teachers and administrators.

Also included on the summer schedule, along with a full range of graduate and undergraduate courses, is a theatre workshop for 9-16 year-olds. Children and teenagers will spend a month learning theatre crafts and the workshop will culminate on July 31 and August 1 with a production of "The Hobbit."

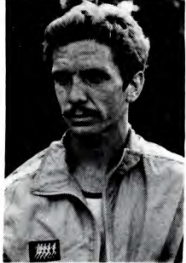

Summer session will kick off this year with an "Opening Day Get-Together" sponsored by the Student Association and the Division of Continuing Education. The party will be held on May 26 from 1 to 4 p.m. in the College Center Courtyard and is open to the campus.

ALUMNI TO TAKE PART IN LEADERSHIP CONFERENCE

Approximately 60 alumni will return to campus during the weekend of June 5-7 to participate in an Alumni Leadership Conference, according to Malcolm Lavery, director of alumni affairs. Alumni will arrive on Friday evening, will be welcomed by President Burke and will view a slide presentation on the College. On Saturday, Alumni Association President Daniel Takacs and SUNY Trustee (and PSUC alumnae) Judith L. Duken will open the day-long workshop series. Admissions Director David Truax, Foundation Executive Director Donald Garrant, and Lavery will address the participants during the morning sessions on admissions recruitment and fund-raising. The afternoon program will include discussion sessions by Student Affairs Vice President Eldridge Roark and Academic Affairs Vice President Jerome Supple, followed by a seminar on legislative relations led by Garrant.

This is the third leadership conference provided on campus for alumni. Lavery explained that the conference familiarizes alumni with recent developments at the College and prepares them to take an active role in the areas of admissions, legislative relations and fund raising.

TRACKSTER NORTHRUP SETS STATE RECORD

Senior track star Dennis Northrup set a New York State Collegiate Track and Field record at the group's championship meet in Rochester recently. Northrup won the 10,000 meter run, with a time of 30:49.96, cutting 26 seconds off the previous record. In the same event, Bob LaSalle placed fifth with a time which was also faster than the previous record. Northrup also took second place in the 5,000 meter run in that meet and Dan Green placed sixth in the 800 meter run. Northrup will compete in the NCAA meet next week.

Members of the women's track and field team also did well in the New York State AIAW Championship, with Beth Dahlin taking third place in the 5,000 meter run, and Olympia Clark placing fourth in the long jump and fifth in the 100 meters. Dahlin's time qualifies her for the national competition, but because PSUC does not belong to the national association, she will not be entered.

JAZZ ENSEMBLE CUTS RECORD

The Plattsburgh State Jazz Ensemble, directed by Herm Matlock, has recorded their first album. The 25-member group recorded such favorites as "Sweet Georgia Brown," "Upside Down," "Groovin' Hard," and Chuck Mangione's "Land of Make Believe" with a vocal solo by Irene Breitbeck. The album will be available in late July through the College bookstore and orders may be placed now.

'FOLK ART IN CANADA' TO BE EXHIBITED

A major exhibition of "Folk Art in Canada" will open on May 29 at the Clinton County Historical Museum and will be on display through September 20. Sixty-two objects on loan from the National Museum of Man in Ottawa represent the work of artists and craftsmen from the Maritimes to the West Coast. The College's Center for the Study of Canada assisted with the financing of the exhibition catalogue. Director Dr. Richard Beach said this week that the Center is very interested in promoting this type of activity — encouraging Canadian-American friendship and understanding.

SOCIAL FRATERNITY JOINS NATIONAL GROUP

Sigma Tau Sigma, the social fraternity which won the President's Cup for outstanding community service last fall, has become the first Plattsburgh State fraternity to affiliate with a national organization. The group held a chartering ceremony recently, becoming a chapter of the national fraternity, Alpha Chi Ro.

weekly notes

Five junior and senior students who are members of the campus American Marketing Association Chapter attended the AMA "Retail Patronage Theory Workshop" held in Lake Placid last weekend. **Ms. Nancy Church**, lecturer in the business and economics department, was registration chairperson for the workshop and the students worked during registration and also attended several sessions. . . . **Dr. David Bedworth**, coordinator of health education, delivered a paper entitled "Education for Health in the Schools" recently in Albany at a conference on "Education for Health: Community Resources/Individual Responsibilities." The conference was sponsored by the Health Systems Agency of Northeastern New York. . . . **Dr. Sarah Stephens Lord**, assistant professor of home economics, has been appointed a regional facilitator on the Futuring Committee for Curriculum Development for Home Economics, which is sponsored by the State Education Department. . . . **Dr. Anthony Schwartz**, chairperson of the department of education, has written a chapter on "Assessment of Mathematical Concepts of Five Year Old Children" for a textbook on early childhood academic skills. The text, entitled *Basic Skills in Kindergarten: Foundations for Learning* is a compilation of the recognized research of the last dozen years. Editors Walter B. Barbe, Michael N. Milone, Virginia H. Lucas and Jack W. Humphrey, leaned heavily on those authors who favor a formal approach to kindergarten education to develop the pre-academic skills as well as the informal kindergarten procedures.
